

Job code/ID number: 08-15-50-3730-19796

The Division of Environmental and Occupational Health Sciences, School of Public Health, seeks to fill two faculty positions. These are tenure track positions at the level of Assistant or Associate Professor. All candidates must have a doctoral degree. In addition, candidates for Associate Professor must have a strong record of teaching, scholarly activity, and grant funding.

The Division is part of a multidisciplinary university health sciences campus with active research programs in diverse areas. Preference will be given to candidates who have demonstrated a history of collaborative work, and will have significant expertise in at least one and preferably several of the following areas: water quality, air quality, exposure assessment, environmental microbiology, epidemiology, biomarkers, toxicology, and/or risk sciences.

EOHS has strong research, educational, and service programs, and is home to the NIOSH-sponsored Illinois Occupational and Environmental Health and Safety Education and Research Center (Illinois ERC), and UIC's occupational medicine residency and Industrial Hygiene programs.

The University of Illinois is an Affirmative Action/Equal Opportunity Employer. The beginning date for this position will be on August 16, 2010. For fullest consideration, applications should be received by March 19, 2010. Please send a cover letter including a statement of your career and research goals, CV, and three letters of reference to:
