Renting an Apartment

Decisions you will need to make:

- What is your annual budget (including monthly rent, heat, hot water and broker’s fee)?
- How close do you want to live to UMass Lowell?
- Do you want to live alone or have roommates?
Are you bringing family/children that need to attend public school? If so, we can provide you with additional information.

Are you looking for a furnished or unfurnished apartment?

**Other considerations:**

- What is the lease commitment? (For your first rental, upon arrival, it is advisable not to sign a one-year lease until you are more familiar with the renting process, location, etc.)
- How safe is the neighborhood?
- Are heating and hot water included with your monthly rent?
- Is there a basement with laundry?
- Will the apartment be noisy (Is it near an elevator or exit? Are the walls thin?)?
- Is the apartment, especially the kitchen and bathroom, in good and clean condition?
- Are you allowed to keep your bicycle in your apartment or in the basement?
- Are there any security features (particularly for ground floor apartments)?
- What is the overall size of living space?
- If you have roommates, how will the utility bills be shared?
- Is there sufficient natural sunlight and/or overhead light fixtures?
- Is the apartment close to public transportation?
- Is there a grocery store or shopping center nearby?

The classified section in the local newspaper, *The Lowell Sun*, ([http://www.lowellsun.com](http://www.lowellsun.com)) is a good resource of information regarding apartments for rent.

Also, there are several rental agencies that can help you find an apartment. A few of them are listed on the next page. *(Please note this list is provided for your convenience and does not constitute an endorsement of these agencies by the University.)*

**To apply to rent an apartment, you will need:**

- Proof of enrollment
- Bank statement, loan statement, or evidence of how you will pay your rent
- First and last month of rent

**You may also need:**

- Security deposit, which can be up to one month’s rent
- Broker fee, which can be up to one month’s rent

Rental fees for an apartment can range from $800 to $1250 per month (excluding utilities such as gas, electricity, telephone service, etc.) depending on the size of the apartment. If you share an apartment, which many students do, the cost may be reduced significantly.

Acceptable Forms of Identification when you are new to the US:

As a general rule, you need to present two forms of identification to set up any of the above. In the U.S., it is common for companies to ask for Social Security # or a Driver’s License. Since most of you will not have these immediately upon entering the U.S., you may want to present the following: (The International Students & Scholars Office is always willing to write you a letter when necessary and to speak to a utility company on your behalf.)

- Passport
- Credit Card
- UMass Lowell ID along with your passport
- Admissions Letter for Students
- Invitation Letter for Visiting Scholars

Refer to the table below for contact information for the companies that provide the various services. For more information, visit their websites.

### 2. Setting up Bank Accounts:
One of the first things that you will need to do when you arrive in the area is to open a bank account. There are many banks in the Lowell area, some of which offer special student accounts. Information about banking services can be obtained from bank staff at the branch offices.

To open a bank account, you will need:

- Passport
- UML ID number or proof of enrollment
- Foreign address
- Local address
- Your deposit (a sum of money required to open the account)

Note: You do not need to have a Social Security # to open a bank account. Until you obtain a Social Security #, you simply need to complete Form W-8 at the bank which will be provided by the bank.

When you open your bank account, make sure to ask any questions you may have about purchasing and payment protocol in the US. Also, have them clarify all fees and rates they may charge for certain transactions. For example, most banks will charge a fee for use of non-bank ATMs.

Note that some businesses prefer certain methods of payment over others and may restrict what they accept from their customers. Methods of acceptable payment in the US include:

- Cash
- Credit or debit card (e.g. Visa, Discover, Mastercard)
- Check
- Money Order

Credit cards are widely used in the US. Make sure you carefully read all terms of agreement and verify all details before accepting any offers. You have the right to refuse any offer you do not want or are unsure about.

**Calling Cards**

Prepaid calling cards are an inexpensive way to call overseas and can be used with a payphone, cell phone or landline. Calling cards are available at many locations in the United States, including convenience and discount department stores.

One of the most student recommended calling card companies is [http://www.nobelcom.com](http://www.nobelcom.com). You can purchase a prepaid calling card from the United States to over 200 countries worldwide.

You can also purchase a calling card plan from one of the telephone companies. The issuing telephone company will charge/bill you at a later date. Some major credit card companies will offer a calling card option when you apply.

Important Do's and Don'ts about calling 911

- **Only call 911 in the case of an emergency!**
  - Some examples of emergencies include: chest pain, a burglary in progress, or any type of fire. If you smell gas in your home, leave immediately and THEN call 911 - avoid doing so while in your home!
  - If you are calling 911 from a cell phone, the call will **automatically be routed to the State Police in Framingham**. Once you explain to them that you are calling from a location in Lowell, they will instantly reroute you back to our Communications Center.
  - When you call 911, briefly describe the incident you are reporting to the dispatcher.
    - Remain calm
    - Stay on the line with the dispatcher and do not hang up until they tell you to. In many cases, the dispatcher will keep you on the phone until the first emergency units arrive to help you.
    - Do your best to remain calm, speak clearly, and let the dispatcher control the conversation when you call. They have been trained to ask you specific questions, especially when it comes to medical calls.

- **Do not call 911 for non-emergencies.** See the examples below, along with alternate numbers:
  - Some examples of non-emergencies include: **when you can't find your television remote**, there is a barking dog in the neighborhood, or you need a local phone number, reporting a past theft, reporting a past vandalism, reporting parking problems.
  - For **non-emergency** related issues, please call the main police business number, *(978) 937-3200*.
  - For **general animal-related** issues, please call the Animal Control Office directly at *(978) 674-4277*.
  - To report **loose or vicious animals**, or an animal bite, please call the police business number, *(978) 937-3200*.

- **Should you or your child accidentally dial 911, please do not hang up the telephone.**
  - Your address and phone number still comes through to the Communications Center and a police officer will be dispatched to your home - even in the event of a hang up.
  - Staying on the telephone and answering the questions of the trained Communications personnel will help ensure your safety and that of the responding units as well.
  - An officer will still be sent to your home to talk with you, to help ensure your safety.
