Re: Apple Equipment

As you may be aware, the campus has purchased a large volume of DELL desktops for the campus, both for office use and labs. Information Technology is also aware there are some departments that need to continue using Apple Equipment for their specialized needs. If you need to have your existing Apple equipment serviced we are providing you with the names of two Apple Dealers that may be contacted for support.

The Apple Dealers contact information:

BITZNBYTES
225 DW HIGHWAY S
Nashua, NH 03060
(603) 888-7770

MACEDGE
210 DANIEL WEBSTER HWY S
NASHUA, NH 03060
(603) 888-6205
<http://www.macedge.com>

If the UML Help Desk receives requests for Apple Support they will provide you with the Apple Dealer information above. Any fees associated with this support from these Apple Dealers will be the responsibility of the departments.

Sincerely,

Jeff Thompson
Chief Information Officer
