Final Exam Schedule

The matrix is a grid of predetermined exam times for those classes that meet at regular block times during the semester. The day and time of the first class meeting during the week determine the date and time for each exam. For example, a class which normally meets on MWF 10:00 am – 10:50am has been assigned an exam time of 8:00am - 11:00 am on Saturday, May 15th.

Final "Common" Exams

Common Exam Finals must be approved by the chair and the dean of the college and submitted to the Registrar's office. A multiple-section course that has chosen to give a "common" final exam will be assigned to a common exam block and posted on the Registrar's website. Students who are scheduled for two common exams at the same time should check with their instructors to see which exam has priority.
