Agenda

I. Invited Guest: Provost Wagner

Senate President Nicolosi invited Provost Wagner to address the senate. Dr. Wagner cited the many physical improvements that have been made to the campus and those that are still under construction. He mentioned changes in the campus, parking system, signage, building and grounds improvements. In discussing the reallocation of resources, particularly as they related to faculty 03 positions he raised the issue of class scheduling, and the idea that a return to the Monday Wednesday, Friday and Tuesday, Thursday schedule might be advantageous. Provost Wagner indicated that he would like the Senate to study this for possible implementation in the Fall of 1999. He also called attention to the issue of faculty instructional workload suggesting that an alternative to the present system would be for workload to be managed and measured by departments rather than by individual faculty as it currently is. He invited the Senate to study this issue and to forward its ideas to the Chancellor. Provost Wagner concluded by noting that fundraising and development are exceeding targeted amounts for the year.

Dean Kleniewski Senate President Nicolosi invited Dean Kleniewski, Co-Chair of the General Education Task Force to briefly update the Senate on the work of the Task Force. Dean Kleniewski distributed a handout summarizing the work of the Task Force.
