- Proposal to revise the BS in Nutritional Science, Dietetics Option
- Proposal for a 3-year degree pathway in Exercise Science

#### Other Business

- Resolution on Academic Freedom
- Additional Resolution on Academic Freedom, (Professor Latham)

“Attached is a *Resolution in Support of Freedom of Expression* for consideration by the UML faculty senate. This resolution is modeled off the widely recognized Chicago statement, which has been adopted by a number of other faculty bodies across the country - <https://www.thefire.org/chicago-statement-university-and-faculty-body-support/>

The resolution put forth by Professors Tigert and Schneider is commendable, and I support it; however, it only covers academic freedom with respect to their area of topical concern. At a time when, academic freedom at large is increasingly under attack, it is important that we also endorse a broad umbrella that protects freedom of expression regardless of discipline or political persuasion.

As such, I would like to see our senate also affirm its support for academic freedom across the board.

Thank you for your consideration, Scott Latham”

**A motion was made to table these Resolutions. The motion passed with 59 in favor, 5 opposed and 6 abstaining.**

- Motion (Margaret Manion) that the University restore staffing at the library to a level equal to comparable institutions and to at least what it was in 2010, a minimum of 14 librarians and 14 auxiliary staff

**A motion was made to accept the Proposal. The motion passed with 52 in favor, 1 opposed and 7 abstaining.**

- Change in Withdrawal from University Policy

**<https://www.uml.edu/Catalog/Undergraduate/Policies/Academic-Policies/Withdrawal-from-University.aspx>**

#### **University Withdrawal After the Deadline-to-Withdraw specified on the Academic Calendar**

A student who withdraws from the university after the deadline-to-withdraw specified on the academic calendar and prior to the end of the term will be graded with a greater penalty grade (“F” grade). The university withdrawal effective date will be the date the Withdrawal from University Form is received. ~~must be graded by all course instructors unless the student is authorized to withdraw for documented reasons of extended illness or critical personal emergency.~~

A student who wishes to withdraw from the university with a “W” Withdrawal grade after the deadline-to-withdraw specified on the academic calendar must file an academic petition, together with appropriate documentation specifying the cause for the withdrawal after the published deadline, with the Office of the Provost. Following a review of the academic petition and verification of attached documentation, the Office of the Provost may permit the student to withdraw from all courses with course notations of X.

Withdrawal from courses may have implications for degree progress, veteran’s benefits, health insurance, financial aid, and immigration status. Students are advised to consult their academic advisor as well as officials in appropriate offices prior to withdrawing from class. Instructors are required to submit a last known date of attendance or academic activity for students who receive a grade of F or other non-passing grades. Students who cease attending without officially withdrawing may affect their Financial Aid.

**A motion was made to accept the Proposal. The motion passed with 46 in favor, 1 opposed and 5 abstaining.**

The meeting adjourned at 4:45 PM.
