Connecticut Department of Correction

EMPLOYEE WELLNESS INITIATIVES

2019 National Symposium Corrections Worker Health – Panel 3 – Leading change: Perspectives from Correctional Administrators

August 1, 2019 - Boston, Massachusetts
Correctional suicides: Doing time takes its toll
“We spend a lot of time focusing on the mental health of our inmates, but not enough time focusing on the mental health of the people who are caring for them“ 4/19/13

Prison Officers Need Help, but They Won't Ask for It.
By Oscar Lopez On 5/27/14

Concerns rise over corrections officers’ stress, depression
DOC working to enhance suicide prevention program
Updated: 11:48 PM EST Nov 19, 2015
Public Safety – Reduce Recidivism and Prevent Criminal Activity in our Community and be an active partner in the state’s criminal justice, public safety and emergency response/disaster relief systems.

Wellness – Reduce Trauma and its effects throughout the system.

Efficiency – Maximize the utility of limited resources, increase and enhance collaboration, productivity and efficiencies and achieve operational and procedural consistency between DOC facilities and between DOC and its partners.
Wellness

Reduce Trauma and its effects throughout the system.
Time to break the barrier.....
Connecticut Department of Correction
E-Wellness Continuum

- 1990 - Quality of Work Life
- 1995 - Critical Incident Stress Response Team
- 2008 - Military Peer Support Program
- 2011 - Employee Wellness Committee
- 2012 - Bereavement & E-Wellness Protocols
- 2014 - Peer to Peer Program
- 2015 - Expedited Corrective Action Plan (ECAP)
- 2016 - Post-incident Workplace Employee Reference (POWER) Program
- Future - Employee Wellness initiatives will be consistent and ongoing

Quality of Work Life Committees – QWL

- Since 1990 - Each facility has had a QWL
- Consist of a variety of employee ranks/job titles
- Gives employees a chance to unwind from a very stressful work environment
Critical Incident Stress Response Team

- Mission – Provide support to staff adversely affected by traumatic event
- Since the mid 1990’s.
- Activated after serious assaults, deaths, and suicides (staff or inmate).
- On average activated 1-2 times per month.
Critical Military Peer Support Program

- Mission – Provide support to DoC staff service members during all phases of deployment, including transition back to work.
- Created in 2008.
- Members communicate with deployed staff and their families.
- Send care packages.
- Annual picnic.
Employee Wellness Committee

- Created in 2011 following an increase in staff suicides.
- Comprised of a wide range of staff including: wardens, human resource staff and front line officers.
- Focus is on addressing issues facing correction officers, i.e. substance abuse, suicide, depression, domestic violence etc.
HITEC - Health Improvement Through Employee Control

- University of CT-based research program
- 2006 – present
- Collaboration of academic professionals and DOC
- Labor-management approaches to risk reduction & health improvement
Peer to Peer Mentoring Program

- Created in 2014 to foster mentor-mentee relationships.
- Developed in conjunction with grant funded UCONN Health Center study.
- Collected blood pressure and body fat data.
- Results – those with mentors were “healthier.”
Expedited Corrective Action Plan

- Designed to expedite and streamline implementation of disciplinary actions for certain employee infractions.

- Launched in 2015 as the result of a LEAN project aimed at impacting both the Efficiency and Wellness components of the DoC’s Strategic Plan.
The POWER Program

- The POWER Card was created to provide valuable reference information to employee affected by significant trauma.

- Feedback from recuperating employees experiencing challenges finding the help they needed, was the impetus for this initiative.
The Employee Assistance Unit is a resource for referrals for addiction and mental health issues. It is available to all CT DOC employees and their families comprised of Union and Administrative Staff. The program is confidential and the focus is on employee wellness and well being.
CHAMP is an employee wellness-centered program designed to increase the Health and Wellness of the agency’s staff by offering a variety of classes in fitness and nutrition. These classes will not only teach staff how to live healthier lives, but it will also teach them how to make it practical for their lifestyles. The program will allow you to participate in medical seminars and social activities outside scheduled classes. Some of the activities in this program include:

**YOGA**
This class helps you gain strength and flexibility, while minimizing risk of any potential injuries.

**KICKBOXING**
This involves multiple exercises, and each exercise will be timed for maximum efficiency within that time. This style of training is ideal for beginners up to advanced athletes due to opportunities to exercise modifications and the fact that your workout will be different each week. It includes all the benefits of strength training and is an excellent conditioning program.

**NUTRITION**
Meal preparation, along with how to cook meals, will be discussed as well as sampling some delicious foods.
