UMass Lowell
Survey of Massachusetts Registered Voters

Field Dates: April 27-May 1, 2020

N=1,000 Massachusetts Registered Voters
Adjusted Margin of Error: +/- 3.6%

N=531 Massachusetts Democratic Primary Likely Voters
Adjusted Margin of Error: +/- 7.8%

Margins of error have been adjusted to include for design effects resulting from weighting and survey design features

Methodology in Brief

This poll was independently funded by the University of Massachusetts Lowell, designed and analyzed by the Center for Public Opinion. Data was collected by YouGov, an online polling organization. Respondents were selected from YouGov and three other online panels. YouGov interviewed 1479 eligible respondents who were then matched down to a sample of 1000 to produce the final dataset. The respondents were matched to a sampling frame on gender, age, race, and education based on known characteristics of registered voters from the Massachusetts voter file and the 2018 Cooperative Congressional Election Study. The matched cases were weighted to the sampling frame using propensity scores. The matched cases and the frame were combined and a logistic regression was estimated for inclusion in the frame. The propensity score function included age, gender, race/ethnicity, years of education, and region. The propensity scores were grouped into deciles of the estimated propensity score in the frame and post-stratified according to these deciles. The weights were then post-stratified on past primary election behavior, and age x gender stratification of registered voters from the Massachusetts voter file to produce the final weight.

UMass Lowell is a public institution and releases surveys as a source of public information. We offer a complete methodology report in adherence with standards of the AAPOR Transparency Initiative, as well an extensive set of crosstabs. Our goal is complete transparency in the reporting of our findings. If there is something you do not see here, but wish you did, please contact Director, Dr. Joshua J. Dyck (joshua_dyck@uml.edu; @drjjdyck) or Associate Director, Dr. John Cluverius (john_cluverius@uml.edu; @JohnCluverius).

UML931-UML950 Have you taken any of the following actions since the coronavirus outbreak? Please check all that apply.

	Yes	**No**
Increased or improved handwashing	83	17
Used more hand sanitizer than you did previously.	69	31
Purchased a standard surgical mask or masks.	38	62
Purchased an N95 respirator or other advanced filtering mask or masks.	15	85
Made your own personal protective equipment like masks, face shields, goggles and/or gowns at home.	36	64
Purchased a firearm.	4	96
Purchased a bat, knife, or other melee weapon for personal defense.	6	94
Stocked up on food.	63	37
Stocked up on personal sanitary products like toilet paper, tissues, or menstrual products.	51	49
Ordered grocery delivery.	32	68
Worn a mask or gloves while doing regular errands.	82	18
Visited isolated friends or relatives.	16	84
Attended gatherings with other isolated neighbors.	8	92
Attended religious services at a house of worship.	5	95
Visited a member of your family who does not live with you.	22	78
Visited a public park or hiking trail.	31	69
Played a game of pickup sports with friends.	5	95
Learned a new skill at home.	25	75
Conducted typical social activities via video chat.	55	45
Changed your spending habits based on how employers have treated employees during the pandemic.	36	64
Continued to pay for a good or service that you cannot currently use, such as a housecleaner, gym membership, child care, pet care, or season tickets.	22	78

UML988 A ballot initiative has been proposed to adopt a new voting system in Massachusetts known as "ranked-choice voting," in which voters rank all the candidates on the ballot in their order of preference and the winner is the most popular candidate overall, taking into account voters' first, second, third, etc. choices. The law would affect statewide offices like Governor, state legislative offices, and federal congressional offices. If the election was being held today, how would you vote, YES to adopt ranked-choice voting for Massachusetts elections, or NO to make no changes to the existing voting system?

37% Yes, adopt ranked-choice voting
38 No, make no changes to election law
25 Not sure
