V. **Research and Development**: Tom Shea  
No Resolutions.  
Members needed for committee.

VI. **Undergraduate Policy Committee**: Art Mittler  
No Resolutions.

VII. **New Business**:  
Resolution: *Doctoral Program In Sustainable Materials/Green Chemistry*.  
GPAC response: current status: several meetings held, unanimously tabled.  
Discussion around pros & cons of program—importance of Green Chemistry at this university—GPAC members in support of program—not in agreement with form of proposal—many questions about funding—needs a re-write—question about what is being voted on? Non-binding support of program. Several friendly amendments proposed as to wording of resolution—none accepted. Motion made to table resolution:  
**In favor: 26; Opposed: 25—Motion Carries**

*Meeting adjourned at 4:40 pm*
