How to Add the TurningPoint Cloud Link in Blackboard

In order for instructors to use clicker polling for graded assessments, students must purchase a license for TurningPoint Cloud and register their account through Blackboard. Session results can then be downloaded from TurningPoint and uploaded to the Blackboard Grade Center.

This document will tell you how to Add the TurningPoint link in Blackboard on your course landing page.

1. In your course, on the landing page, hover over Tools* to open the menu

![Tools Menu]

*Note:* If you do not see Tools in the action bar, make sure Edit Mode is ON.

2. Select More Tools

![More Tools]

3. Select Lowell Day Turning Account Registration

![Account Registration]

4. The Link Information options will appear. You may write instructions and change the availability of the link to hide or show to students. Click submit.

5. The Link will appear at the bottom of the page. When you hover over it you can drag it up to the top of the list for students using mobile devices to find easily when they log in to your course.
