This event satisfies the requirements of
Welcome to UMass Lowell’s Fall Career Fair!

A few important notes for job seekers

FINDING YOUR WAY AROUND

- Employers are arranged mostly in alphabetical order, with the sponsors on the concourse level. Booths 100-145 are on the concourse; booths 200-1117 on the arena floor.
- On the following pages, you will find a list of the employers in Booth Number and Alpha order.
- Water and cookies are available for students in the Student Hospitality area in the Pavilion on the concourse level.

MAKING THE MOST OF THE FAIR

DURING THE FAIR:
- Target employers of special interest to you.
- If the recruiter’s staffing needs are different from your interests, ask to have your resume forwarded to the appropriate department in their organization.

AFTER THE FAIR:
- Follow up. Collect names, titles and other contact information from the recruiters representing employers of interest to you. Send a thank you note for their participation in the UMass Lowell Career Fair. You may also want to include a fresh copy of your resume. Sample thank you notes can be found at the Help Desk in the Pavilion on the concourse level, in the Career Services and Cooperative Education Center at 450 University Crossing, and on our web site at career.uml.edu.

EVALUATION

We will be sending you a post-event survey via your student email within 24 hours of the fair. Please take the time to complete the survey and your name will be entered in a drawing for a gift card. Thank you!

Career Fair FAQs

Why aren't employers grouped by industry or major?

Because employers register on an ongoing basis for several weeks before the career fair, the list of recruiting organizations isn't finalized until the day of the fair, so it would be nearly impossible to group companies by major. In addition, companies often recruit students from a variety of majors, so any major-specific grouping could hamper some students' awareness of available openings. Our primary goal is to be able to show attending students an accurate map of where specific employers can be found at the fair and we hope our Career Fair Directory provides that necessary information.

Why aren't there more employers recruiting for students in my major?

Employers register for career fairs based on their needs and we have little control over who actually chooses to attend. We reach out to employers in all fields to attend our career fairs to introduce them to the talented students found at UMass Lowell and encourage them to attend. However, it is ultimately the employer's decision.

Why can't the career fair be longer?

Over time, we have tried various time frames in which to hold career fairs at UMass Lowell. Experience has taught us that the afternoon is the best time to allow employers from around the region time to travel, park, have lunch, and set up for the career fair. Employers have other work to do as well, so an all-day event is not an efficient use of the recruiters' time.

Why won't employers take my resume?

As more and more applications are submitted online, employers have developed sophisticated applicant tracking systems to manage the application traffic. Therefore, employers often would rather you submit your resume online via their website. If an employer doesn't accept a paper copy of your resume, but suggests you apply on their website, do it!
