

HR Direct –MANAGE FLOATING HOLIDAY TIME REPORTING

Employees seeking to use compensatory time, must first have it accrued and in their comp time balance account. This means Holiday Comp Time Earned (HCTES) needs to be processed before a person can use Holiday Comp Time Used (HCTU).

A PeopleSoft Process called **Time Administration** runs every day at noon and 5:00p.m. --- This process moves your reported time to a payable time status and consequently adds your HCTES into your available comp time balances. If you need to use newly earned Holiday Comp Time in the same pay period, you need to follow the steps below to correctly sequence the data entry of your time.

If you try posting both the HCTES and HCTU at the same time, the systems will display the following error:
