2017 Expedited Commissioning & Express Scholarship Programs

GENERAL ELIGIBILITY REQUIREMENTS
Applicants must meet the following requirements:
- Be enrolled at an Air Force ROTC affiliated college or university
- Be a U.S. citizen
- Minimum undergraduate GPA of 2.0
- Take and pass Air Force Officer Qualification Test (AFOQT)
- Pass a Department of Defense medical exam
- Pass a physical fitness test
- Must be of good moral character and demonstrate leadership potential

While Air Force ROTC is generally a 3-4 year program, 2017 offers expanded opportunities for students interested in an Air Force career and plan on graduating by 2019.

ONE YEAR PROGRAM
- Open to undergraduate and graduate students graduating in Spring/Summer 2018
- Students are eligible for the 1-year Technical Express Scholarship

TWO YEAR PROGRAM
- Open to undergraduate and graduate students graduating in Spring/Summer 2019
- Two year students ARE NOT eligible for scholarships
- Students must be available to attend training in the summer of 2018

ABOUT AFROTC
Air Force ROTC is a college program offered at more than 1,100 colleges and universities nationwide that prepares students to become Air Force Officers while earning their college degrees. Air Force ROTC cadets participate in weekly physical fitness training, leadership laboratories, and classroom instruction. After meeting all program requirements, Air Force ROTC graduates are stationed all around the world as leaders in the United States Air Force. Air Force ROTC is more than just another college course— it’s a challenge, a head start on a lifetime of success…within the Air Force and beyond.

CONTACT THE DETACHMENT AT YOUR COLLEGE UNIVERSITY TO SIGN-UP OR FOR VISIT WWW.AFROTC.COM FOR MORE DETAILS.

1-YEAR EXPRESS TECHNICAL SCHOLARSHIP
Air Force ROTC is offering 100 technical scholarships to the most qualified students. The scholarship offered is a Type 1 scholarship, which covers all tuition and fees and provides a book and monthly spending allowance.

Applicants must meet the following requirements:
- Undergraduate degree must be a technical major
- Students will not be eligible for flying career consideration
- Students must apply for only technical career fields in the Air Force
- Minimum undergraduate GPA: 2.5
