Presentations

• June 2014 – symposium presentation on “The poet Hartmann and the dreamer Coleridge on ‘the Relation of the Poet to Dreaming’,” 31st Conference of the International Association for the Study of Dreams, Berkeley, CA

• June 2012 – presentation on “Testing visual-spatial versus audio-temporal rules by constructing vivid visual versus vivid auditory images,” 13th European Workshop on Imagery and Cognition, Bochum, Germany

• June 2010 – presentation on “The role of visual imagery in testing newly hypothesized rules: Individual differences in developing the ‘imageless rules’ of bird’s eye perspective,” 12th European Workshop on Imagery and Cognition, Helsinki, Finland

• April 2010 – presentation on “False memory versus incomplete memory: Individual differences,” 2010 Nebraska Symposium on Motivation, Lincoln, NE

• May 2006 – presentation on “Torture fantasizers with good reality-testing feel more ashamed of real torture,” 18th Convention of the Association for Psychological Science, New York, NY

• June 2003 – presentation on “Individual differences in image vividness, reality testing, and personality,” 9th European Workshop on Imagery and Cognition, Pavia Italy

• April 1999 – keynote address on “Contemplations on the ‘big picture’ of mental imagery research—from 19th century origins to 21st century issues,” 20th Convention of the American Association for the Study of Mental Imagery, Orlando, FL
May 1998 – 20-minute presentation to the Dalai Lama on “Central health effects of visualization,” Beth Israel Medical Center, New York, NY

June 1996 – keynote address on “Imagery, reality, and psychopathology,” 18th Convention of the American Association for the Study of Mental Imagery, Chicago, IL

March 1995 – colloquium on “Deficient reality-testing as inadequate source-monitoring: A diathesis for psychosis,” Yale University Psychology Department, New Haven, CT

March 1991 – colloquium on “Individual differences in imagination and hallucination,” University of North Carolina Psychology Department, Greensboro, NC

May 1991 – keynote address on “Imagery, reality, and the ‘subconscious’,” 4th World Conference on Imagery, Minneapolis, MN

August 1990 – presentation on “Using imagery to breach post-hypnotic amnesia,” 98th Convention of the American Psychological Association, Boston, MA

June 1989 – keynote address on “Imagery, physiology, and health,” 11th Convention of the American Association for the Study of Mental Imagery, Washington, DC

Contracts, Fellowships, Grants and Sponsored Research

- "Effects of psychological interventions on cancer patients’ emotions" (1998), Grant - Student-Faculty Collaborative Research Grant
- "Psychophysiology of imagery and its psychosomatic use" (1982), Grant - NIMH Grant
