Have you ever wondered what it would be like to be a nurse?

If you are a student at Lowell High School, Greater Lowell Technical High School, Lawrence High School, or Teen Achievers at the Lawrence YMCA, you can join the "Nurse of the Future Club". This page will tell you more about this exciting new club. If you are not a student at one of our participating high schools and are interested in a career in nursing, please explore our Nurse of the Future page and learn if this might be the right career for you!

What will I do at a Nurse of the Future Club meeting?

One day you may learn what the heart sounds like through a stethoscope, another time you might learn about the nerves in the human body and draw a map of your own nervous system. You could learn what math skills are needed for giving a patient prescription medicine and what these medicines do. Visit the UML Mobile Simulation Laboratory and work with a breathing, crying interactive infant mannequin, or any other number on fun hands on activities.

When can I join?

The clubs start in the fall. Contact your guidance counselor to sign up.

Who teaches at the Nurse of the Future Club?

Professors from the Nursing Department at UML along with nursing students teach at the monthly
What else can I learn by attending the club?

Club members will visit UML and field trips to health care agencies. Nursing students are great sources of information to learn about what to expect if you want to apply to UML and what you can do now while in high school to be prepared.
