Welcome to University Housing

Dear Resident,

Welcome to the University of Massachusetts Lowell residential community. Each year offers the promise of new and exciting opportunities, and this year is no different. I encourage you to seek out the unique experiences and advantages that living on campus has to offer including building strong relationships with roommates, establishing life long friendships, interacting with residents from backgrounds different than your own, and connecting with Residence Life staff - get to know your Resident Advisor, Area Coordinator/Resident Director and other staff living in your hall. You will see a wide variety of programs hosted in your hall and on your floor – attend them. I guarantee you will learn something and your participation will help shape the culture and expectations of your residence hall.

As a member of the residential community you have the ability to take advantage of all of the opportunities listed above, but you also have the responsibility to establish and adhere to standards of behavior that allow you and other residents the unfettered opportunity to explore these experiences. You should read and be familiar with the Student Conduct Code. The Student Conduct Code outlines expectations for all students and can be found online by visiting the Office of Residence Life website: www.uml.edu/reslife. Click on “Policies.” The Student Conduct Code along with the Office of Residence Life Guidelines outlined in this document have been created to promote an experience of campus life that is respectful, cooperative, accepting, and one that dignifies and supports each community member’s individuality and uniqueness.

Again, welcome to the UMass Lowell residential community. I look forward to working with you over the next year to establish an inclusive, healthy, and positive campus community. A great year lies ahead – let’s get started!

Sincerely,

Assistant Area Coordinators (AAC)—Each Area Coordinator (AC) supervises an Assistant Area Coordinator who is a graduate student interested in pursuing higher education administration. The AACs help with the daily operations at the Inn & Conference Center, River Hawk Village, Riverview Suites, 1301 Middlesex Street, University Suites, River Hawk Village Townhouses and University Apartments.

Graduate Resident Educators (GRE)—There are six graduate fellows that work primarily with first year residential students to promote academic and extracurricular success. GREs help guide the Resident Advisors in their implementation of the Residential Curriculum, provide academic support to students in their area, contribute to large scale academic programming, and support first year student leadership initiatives. The GRE is a great resource for students to connect with to help them succeed in their first year living at UMass Lowell.

Graduate Housing Coordinators (GHC)—There are two Graduate Housing Coordinators who are graduate students interested in pursuing a career in higher education administration and assist the housing operations staff with housing assignments and occupancy management.

Senior Resident Advisors (SRA)—Each residence hall has at least one Senior Resident Advisor (SRA) on staff. These are graduate and/or undergraduate students who have been promoted from the Resident Advisor position. In addition to overseeing a floor of residents in their assigned residence hall, they also assist the Resident Director or Area Coordinator with any housing or facility related projects or needs.

Resident Advisors (RA)—These individuals are Residence Life Staff that are also undergrad or graduate students. To obtain their position they have participated in an extensive interviewing process and have undergone intensive training on issues related to programming, social justice and inclusion, mediation, handling conflicts, dealing with crisis situations, and a wide variety of other topics. One to three staff members are assigned per floor in each residence hall. They live on the floors with students to assist them with the transition to college, help with roommate conflicts, plan social and educational events, and provide support to students who are having personal or academic difficulties.

Resident Advisors (RAs) work together as a team in each building to promote a comfortable and supportive living and learning environment for all residents. They hold floor meetings, act as resources for campus and the surrounding community, and explain and enforce the University Student Conduct Code. There is an RA on duty in each residence hall every night from 7pm – 7am. Residents can approach the RA with any sort of concern or if they need assistance.

The Resident Advisor position is a great opportunity to gain valuable leadership experience and get more out of your time at UMass Lowell. If you are interested in learning more about how to become a Resident Advisor, please ask your AC or RD or call the Office of Residence Life, 978-934-5160.
**Maintenance/Housekeeping** - Maintainers are full-time workers who are primarily responsible for cleaning hallways, lounges, and other service areas. Each residence hall has one to five custodians, depending on the size of the building. If you have a basic maintenance need in your room or in your building, an RA can assist you in filling out a work order request form. In all areas but the ICC, you may also go to [https://www.uml.edu/facilities/Service-Requests/form/](https://www.uml.edu/facilities/Service-Requests/form/) to fill out a work order directly. All ICC residents should see their RA for assistance with work orders.

**Security Officers**—Student Security Staff sit at the front desk of each residence hall beginning at 7pm every evening. At 11pm, Campus Security Officers (CSO) take over and provide security until 7am. They are in radio contact with the University Police at all times during their shift.

**Official Directives**

Within the University and city, authority is delegated specifically to some individuals and some official bodies to direct the action of other members of the University and city in fulfillment of legitimate purposes and functions of the University and community.

1. No student shall refuse to comply with the directions of University/city officials, instructional or administrative, including University Police and Residence Life Staff, acting in performance of their duties.

2. I.D. Cards—All students must immediately surrender their University I.D. card upon request by an authorized University/City official such as Police, Administration, Residence Life Staff, etc. Altering, improperly possessing, or lending a University Identification Card to another person for any reason not expressly authorized by the University is a violation of this code. A University Identification Card falling into any of these categories may be confiscated by any student, Staff or faculty member in the course of his/her charged work responsibility.

**Staff Directives:** Students must comply with the appropriate directives of University officials exercising assigned duties. University officials include Police, Security Officers, Fire Safety personnel, Residence Life staff, administrative staff, and faculty. Students must not interfere with the actions taken by staff. Students must comply with the directive to accept medical assessment if failure to do so may cause a medical emergency or injury to the student. When a student or guest is asked to open their backpack or bag(s) for suspicious contents and the student refuses to comply, the bag(s) or backpack will not be allowed into the residence hall. Students may appeal directly to either the Senior Associate Director of Residence Life or the Senior Associate Director of Housing for a rescission of any official directive, but they must be in compliance with the directives at the time of the appeal.

Residence Life Operations

Student Identification Card: UCard

ID Card: All students are provided with an official University Identification card that must be carried at all times and shown to university officials upon request. It is important to keep your ID in an easily accessible, yet safe place. Bending, cracking, or puncturing your ID will render the data chip inside useless and ruin the card. Lost or damaged IDs must be replaced within a reasonable time period. Please take good care of it and your ID will last you for your entire college career. Your ID card will allow you, as a resident student, access into your residence hall 24 hours a day.

Lost ID: As soon as you have determined that you have lost your ID check with your staff office to find out if anyone has found it. If it is not there, call UCAPS (x4-4211) to see if it has been turned in. If that fails, ask them to cancel your old card and ask when you can come in to pick up a new one—the same photo will be used. The cost for a new ID is $20.00.

Other Uses: The University ID card gives you access to the dining halls and allows University Dining to keep track of your meal plan. You can also use your ID to take books and required readings out of the library. The ID card will give you complete access to the Campus Recreation Center and the extensive services they offer, including, but not limited to the fitness area, classes, locker rooms, and Intramural/Recreational Sports. The ID is your access to approved parking gates.

Security of Buildings & Facilities

Students of the University may enter and use all campus buildings and areas for the purposes assigned to these facilities and places during established operating hours. Exceptions to this rule are made only in the interests of safety, personal use and privacy, protection of valuable materials and equipment or to regulate access according to the hours which are normal for their assigned functions. When buildings or spaces within them are officially closed or restricted, limited access applies to all students of the University unless specifically exempted. Students must adhere to all local, state, federal regulations regarding trespassing on private property.

Unauthorized Access: No individual shall use or possess any key or ID card to any residence hall room or area to which they are not specifically assigned. Residents may not grant permission or give use of keys and/or ID to an unassigned student.

Illegal Entrance; Unauthorized Presence: No student shall break into, or without authority or permission, enter any residence hall, office, or bedroom (of any other residence hall); nor shall any unauthorized student enter or remain in any residence hall at a time when that facility is officially closed.

Restricted Areas: No unauthorized student shall enter into any restricted area; nor shall any student assist or make possible the unauthorized entry of any person into any restricted area. Restricted areas may include tunnels, roofs, posted or enclosed construction sites, secured utility areas, and identified staff parking spaces.

Unauthorized Parking: No student shall park in any restricted area; nor shall any student assist or make possible the unauthorized entry of any person into any parking area.

Solicitations and Distribution of Literature: All persons are strictly prohibited from solicitation of any product, service, non-university group or organization, or alcohol establishment within the residence halls and/or parking lots. Posters and fliers must be approved by the Senior Associate Director of Residence Life and may only be posted by Residence Life Staff.

Guest Information

Having guests visit in the residence halls is a privilege, not a right – and may be revoked due to violations of the conduct code.

Guest Sign-In Locations & Hours: In the lobby of each residence hall there is a security desk that is staffed every evening from 7pm to 7am. Our student Security Staff sits at the front desk of each residence hall beginning at 7pm each evening. At 11pm Campus Security Officers (CSO) take over and provide security until 7am.

Guest Sign-In Process: In order to ensure the safety and security of our students, it is necessary that we strictly enforce our guest sign in process. Every individual is required to present valid, picture identification at the desk when they enter the building. This includes residents of the building. All non-resident guests, including residents of other buildings, must follow the guest sign-in policy. All guests will receive a dated guest pass good only for the building and date issued. Guests must have this identification on their person at all times. Their host must escort them at all times while in the building.

University Resident Students: When you enter your own building you are required to show your ID to the Security Officer and then swipe your University ID across a verification reader to prove that you are indeed a resident of that building. Students who are visiting from another building will have to show and swipe their ID, sign in, and have a “host” from within the building to escort them and take responsibility for them.

University Non-Resident Students: Students must present their University ID at the desk, sign in, and have a host from within the building escort them and take responsibility for their actions.

Non-University Guests: All non-University guests must present their valid picture identification at the desk, complete a guest pass (which you must carry at all times) and have their host escort them and take responsibility for their actions. Valid picture identification is limited to a drivers’ license, state identification card, military identification card, or a passport.

Age: Guests under the age of 17, with a valid ID, are only permitted to be in the building until 11pm when they must leave. Special permission for under 17 overnight guests can only be obtained from the Area Coordinator or Resident Director of the building at least 48 hours in advance (2 business days). The Area Coordinator or Resident Director may ask for parental/guardian permission and contact information so please be prepared and plan ahead.

Responsibility of Host: Hosts are ultimately responsible for the actions of their guests and we do hold the guest accountable for the Conduct Code and all University policies. Failure to follow the guest procedure or any University policy can result in a guest losing his or her privilege of visiting anyone on the University campus. All University students will be held to the standards set for behavior on campus and will be adjudicated with due process through the University disciplinary process for failure to follow policy and conduct unbecoming to a University of Massachusetts Lowell student. When a resident has a guest, they assume full responsibility for the conduct of that guest even if they are separated in the building. The host is subject to disciplinary action as a result of their guest’s behavior. Host is defined as the student signing the guest into the room, and/or the student in the presence of the guest.

Guests and Alcohol: As noted above, valid, picture identification and proof of age is required for permission to drink alcohol in the residence halls and only in the room of a resident who is at least 21 years of age. No guest is allowed to transport alcohol into any of the buildings, only a host (building resident), at least 21 years old, may bring alcohol into the building. Please review the complete text of the alcohol policy in the Student Conduct Code.

Intoxicated Guests: Residents may be restricted from signing in a guest if University Police or the Residence Life Staff determines, or the guest appears to be under the influence of alcohol or other drugs. Parents or guardians may be called to transport the guest.

Absence of Occupants: A guest may not occupy the hosts’ bedroom or suite room in the absence of the host. The host must be in the presence of all guests at all times within of the residence hall.

Maximum Occupancy: Residents may have up to two (2) guests in accordance with the sign in procedures,
and must have the permission of an Area Coordinator/Resident Director to exceed this limit. The maximum occupancy for any residential area shall not exceed three times the designed occupancy.

**Denial of Accommodations:** An Area Coordinator/Resident Director may deny a guest permission to remain overnight or be a guest in the future. The guest shall be informed of the reasons when she or he is asked to leave. Appeals must be directed to and the Senior Associate Director of Residence Life for Housing and Operations.

**Trespassers:** Any person living in or visiting the residence halls, without a valid housing contract or without following Residence Life guest procedures is a trespasser. Trespassers shall be subject to a minimum charge of $25 per day during the period of occupancy and subject to criminal charges.

---

**Health and Safety Inspections**

**Safe and Healthy Living Conditions:** In addition to the room inspection and inventory conducted prior to occupancy and upon your departure from your room, the Residence Life staff conducts periodic room checks during the course of each semester to make sure that safety rules and regulations are being followed. During these inspections, the staff will also insure that prohibited items, such as candles or common area (lobby) furniture, are not present; such items will be removed from the room. When possible, residents will be informed in advance of room inspections. Notification of entering a room will only be emailed to the residents if the residents fail the first inspection.

**Inventory Status:** If, during the course of your semester on campus, you should experience a change in the status of your room inventory (furniture stolen, damaged, broken, etc), it is important that you notify your RA or AC/RD as soon as you possibly can. The benefits of early notification are that the item will be fixed and you will have the opportunity to explain what happened and avoid confusion. Whoever is responsible for the damage or lost inventory will be held accountable and billed accordingly. Residents are responsible for all the furniture in their room/suite. All furniture must remain in the designated area and cannot be stored.

**Room Entry**

**Reasons/Authorization**—Residence Life Staff, University Police and other University designees may enter a residence hall room at any time for the purpose of health, safety, and/or maintenance (emergency or student requested). In addition, the University reserves the right to enter a room when state, local or federal laws and/or the UMASS Lowell Student Conduct Code or Residence Life Guidelines, as related to the safety and well being of a resident or community member, are suspected of being violated. Whenever possible, the University will attempt to provide the assigned resident with advance notice. Feel free to consult the staff with any questions you may have concerning the results of the inspections or the process.
**Safety, Health and Wellbeing**

**Safe conditions:** No student shall create a safety or health hazard or nuisance in any residence hall. Examples of prohibited behavior include, but are not limited to: the possession or use of fog machines, excessive accumulation of garbage or filth in rooms, suites, hallways or lounges; changes in electrical wiring; lofts; homemade beds, water beds, or other unapproved constructions; additional items or acts as may be prohibited by the Senior Associate Director of Housing. The maximum occupancy for any residential area shall not exceed two guests per resident living in the room.

**Personal safety:** No student shall knowingly create a condition, which unnecessarily endangers or threatens the safety or wellbeing of themselves, any student, persons or property on the University campus including propping doors or emergency exits, “penny-in” occupants, preventing a door from closing or locking properly, as well as circumventing security procedures (i.e. entering or exiting through a window or an alarmed door).

**Windows and Roofs:** No individual shall open, remove or damage screens or windows from any residence hall, nor attach any objects to the outside of the window/sill or roof; this includes cable wires, air conditioners, mini-satellite dishes, amplifiers, etc. No student shall throw, drop, project, or excrete any objects or liquids from any window or roof areas. Students and guests are prohibited from all roof areas, or from entering or exiting persons or belongings through windows. **Violation of this guideline may result in removal from housing as well as a referral to the University Campus Conduct Process.**

**Noise:** All residents are expected to respect each other’s study, sleep, and privacy needs. Residents are accountable for any noise that can be heard beyond their own bedrooms and/or common areas in keeping with 24-hour courtesy hours. Residents are expected to adhere to quiet hours, Sunday-Thursday, 9pm-8am, and Friday and Saturday, Midnight –10am. Quiet Hours are extended to 24 hours per day during Final Exams. The use of amplified instruments or drums is prohibited without the written consent of either the Senior Associate Director of Residence Life or the Senior Associate Director of Housing.

**Fire Safety**

**Fire Safety:** No student shall refuse to observe any safety regulations or procedure and are required to evacuate during all fire alarms. No student shall cover, tamper with or otherwise misuse or endanger the proper functioning of smoke detectors, exit signs, fire extinguishers, fire safety systems, fire doors or other safety equipment on the campus. Tapestries, banners, flags, holiday lights, sheets, etc. may not be hung over light fixtures, smoke detectors, doorways, ceilings or sprinkler heads and pipes. The possession or use of fog machines is prohibited. Soldering, welding, or any open flame is prohibited in the residence hall. Halogen and “octopus” lamps are prohibited from the residence halls. Power strips and electrical sockets must not have more than one continuous extension cord plugged into it (multiple extension cords cannot be connected to each other). Extension cords should not be run underneath carpeting. Live holiday trees, laurel roping, and wreaths are not permitted in the residence halls. Students are not permitted to use electrical closets as storage space. **Students found in violation of this guideline may be charged with a felony by the Commonwealth of Massachusetts. Violation of this guideline may result in removal from housing as well as a referral to the University Campus Conduct Process.**

**Candles, Incense and Potpourri:** Incense, candles, potpourri, and oil burners with open flames or coils may not be burned in the residence halls. No candles, including decorative candles are permitted. Candles will be confiscated immediately and discarded if not claimed from the Area Coordinator/Resident Director within 72 hours.

**Appliances:** Cooking appliances are prohibited in all residence hall bedrooms, suites and common areas, with the exception of specifically designated locations (Fox Kitchens, University Suites Kitchens, River Hawk Village Kitchens, Riverview Suites Room Kitchens, etc). Possession and use of prohibited appliances is a violation of the conduct code.

The “Freedom from Smoking” program provides support and guidance for those seeking a tobacco-free lifestyle. Students, faculty and staff seeking assistance in quitting smoking or tobacco use are encouraged to register for the free program. For additional information, please contact Maria Figueroa in Human Resources at Maria_Figueroa@uml.edu.

**Alcohol**

**Alcohol:** Please refer to the Student Conduct Code for more detailed information regarding the University Alcohol Policy. The Student Conduct Code can be found online by visiting the Office of Residence Life website: [www.uml.edu/reslife](http://www.uml.edu/reslife). Click on “Policies.”

In support of the laws of the Commonwealth, no alcoholic beverages shall be offered, gratuitously or for sale, to a person under the age of 21, either privately or at a group function, whether it is at an approved function or informal gathering in the residence halls. The possession or consumption of alcoholic beverages in the residence halls by a person less than twenty-one years of age is prohibited.

Students under the age of 21 years are not permitted to possess, consume, or be in the presence of alcoholic beverages. A resident or guest who is of legal drinking age may possess and consume alcoholic beverages in the residence hall only in the privacy of the resident’s own room or in the room of another resident who is of legal drinking age and who is present during the consumption. The door of the room must be kept closed. Behaviors committed under the influence of alcohol will be considered a violation of the Alcohol Policy.

The purchase or delivery of alcoholic beverages in the residence halls, gratuitously or for sale, to a person under the age of 21 is prohibited and shall constitute a major infraction of University regulations. Commercial deliveries of alcoholic beverages to the residence halls are prohibited.

Only residents of legal drinking age may bring alcoholic beverages into their own residence hall. At no time may a guest of any age or resident under the age of 21 bring alcoholic beverages into a residence hall. University Police or Residence Life staff will confiscate all alcohol in the possession of any guest or resident students under the age of 21 in public areas; in addition, any open containers of alcohol will be confiscated regardless of age.

The possession or use of alcoholic beverage containers such as kegs, partial kegs, mini-kegs, punch bowls, beer balls or any common containers, whether partially full or empty, in any residence hall or grounds by anyone, whether of legal age or not, shall constitute a major infraction and will result in immediate removal from housing. The possession or use of funnels is strictly prohibited.

Beirut, Beer Pong, and other drinking games involving alcohol or any substance are expressly forbidden.

Upon request by University personnel (i.e. residence hall staff, University Police, administration personnel) residents must provide a valid form of identification upon entering a residence hall or while transporting or consuming alcoholic beverages within a building or on University grounds.

In the event that a resident or guest is deemed by University Police or Residence Life staff to be intoxicated, the resident and or guest will be asked to remain in the residence hall under host supervision until determination can be made that the intoxicated person(s) is in a safe condition. In addition, drunken disorderliness in any University
building or grounds is prohibited and shall constitute a major infraction of University regulations. In a situation where a student is determined to be in an unhealthy state the University Police or Staff may call the parent or guardian to take custody of their student.

All persons are prohibited from drinking alcoholic beverages or having open or previously opened alcoholic beverage containers in all residence hall public areas, including hallways, stairwells, bathrooms, lounges, lobbies, and outside grounds including, stairs, lawns, roofs, parking lots, patios, etc.

Parties and gatherings where alcohol is present, informally or otherwise, are strictly prohibited in all residence halls. Any gatherings in excess of two guests per occupant present where alcohol is present will constitute a party or gathering and may be disbanded by University Police or Residence Life staff. In these events, the alcohol will be confiscated regardless of the amount or age of the residents.

No more than 1 open container, cup, bottle or can may be present for each individual above the legal drinking age when in the presence of underage individuals. University staff will construe additional open containers in excess of the number of legal age individuals as consumption by minors.

Alcohol may not be stored or displayed in suite common areas unless all assigned occupants are of legal drinking age.

All students are held to the University Alcohol and Drug Policies as stated within the University of Massachusetts Lowell Student Conduct Code and Disciplinary Process. Please familiarize yourself with the Student Conduct Code and policies.

**Health Risks:** Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood of an accident. Moderate to high doses of alcohol cause marked impairment in high mental functions, severely altering a person’s ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and liver. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome.

**Room Decorations and Furniture**

**Wood construction or lofts and/or bookshelves:** Wood construction in student rooms/apartments, including lofts and bookshelves, is not allowed. However, some residential areas have a limited supply of approved loft equipment. See the Housing and Residence Life website for details. For your safety, beds must be lofted or bunked only as instructed.

**Ceiling and wall hangings:** Tapestries and other combustible items are not permitted to be hung from ceilings and cannot obstruct smoke detectors, fire alarms or sprinklers. Students cannot paint their room or apartment.

**Furniture:** No student shall move any University furniture out of their assigned room or move any unassigned University furniture into their assigned room. Students found in possession of Common Area furniture will be fined up to $25.00 per student, per incident or piece of furniture, and may face other sanctions. Furniture must be used as designed and beds may only be raised by the use of an item designed for that purpose, and approved by the Area Coordinator/Resident Director for that specific use. Furniture must remain as assembled; any alteration from the assembly will result in monetary fine. Furniture may not be placed on cinder blocks, radiators, or other furniture unless specifically designed for such use. Lofts, homemade beds, and waterbeds are not permitted. Cinder blocks are not permitted in the residence halls. *Damage beyond normal wear and tear may result in the replacement cost billing for the piece of furniture.*
• You are responsible for the furniture assigned to your room or apartment. If a piece of furniture is removed, you may be assessed a charge to replace the furniture.
• Overstuffed, plastic or combustible furnishings procured from other sources may be a safety hazard or pose an increased risk of fire. Furniture presenting a fire or safety risk will need to be removed.
• Do not take any furnishings from common areas/lounges for your room or apartment. You will be billed if any common area furniture is found in your room or apartment.
• You may not move furniture from one room/apartment to another. You may also be billed for any damages.

**Painting:** Students are restricted from painting any bedroom or common areas in or around the residence halls. Wallpaper, boarders, stencils, glow paint, and laundry detergent are prohibited. Any students painting any areas will be held financially responsible for the restoration of that area and subject to the University Conduct Process.

Student Mail

How can I receive mail on campus?

How do I know when I have received a package?

You will be notified via your student email address once we have received your package.
