2. Runners may tag-up on a pop fly.
3. A runner is out when he is struck with a fairly batted ball in fair territory while off base and before it passes an infielder, excluding the pitcher.

1. Infield fly rule remains an umpire’s judgment!
2. An infield fly is a fair fly ball that can be caught by an infielder with ordinary effort with less than two outs and runners on first and second or with the bases loaded.
   i. When a team is positioned in normal field positions, once a fielder turns her / his back to the infield when going for a ball, it is almost certainly not an infield fly due to the fielder will not catch the ball in an ordinary effort.
   ii. When a team is playing in to prevent a run & is not in normal field positions, regardless if a fielder turns his or her back, it is almost certainly not an infield fly due to the position in which the fielder began and thus the fielder will not catch the ball in an ordinary effort.
3. Any ball that becomes an ordinary fly ball & bounces untouched into foul territory between home and first or home and third is considered an infield fly ball.
4. A line drive or a bunted ball cannot be declared or ruled an infield fly.

5. Wind conditions will be considered when calling / judging an infield fly ball.
6. The following arbitrary limitations shall not be considered in determining an infield fly:
   i. Sunny conditions
   ii. Outfield grass or baselines
Overthrows
*When the ball is in play and is overthrown (beyond the boundary line) awarded bases will be determined by the position of the base runner at the time the ball is thrown. Base runners will be awarded two bases from the last base attained at the time the ball is released.

Protests
1. Protests may be lodged concerning rules interpretations only. **AT NO TIME IS AN OFFICIAL’S JUDGEMENT PROTESTABLE.**
2. Protests must be submitted at the time a question has occurred. **A PROTEST WILL NOT BE ACCEPTED AFTER A CONTEST HAS BEEN COMPLETED.**

Appeals
1. An appeal play is a play on which an umpire cannot make a decision until requested by a captain, coach, or player.
2. The appeal must be made before the next legal or illegal pitch.
3. The ball must be returned to the pitcher, he/she indicates to the umpire that they are appealing, then the ball thrown to the appealed base.

GROUND RULES
1. If a ball rolls into an area which has been designated out of play, the base runner(s) will be awarded two bases from the last base touched at the time the ball entered the out of play area.

2. Interference
   a. A ball, which is touched, interfered by player(s), equipment, official(s) from any other adjacent area, will be called dead at the time and the runner(s) awarded bases as an overthrow situation.
   b. A ball, which is not touched or otherwise interfered with, remains in play. (Official’s judgment).

3. Track
   a. If a ball is hit in the air onto the track it is automatically a ground rule double. If it is hit in the air over the fence it is a home-run. If the ball is hit on the ground and rolls onto the track, the base runner you play “all you can get” the base runner can advance at their own risk, and the fielder must go and retrieve the ball on the track.

4. Cones
   a. Cones at the 50 yard line separate the two softball fields on the turf. Any ball hit in the air over the cones will be a homerun.

5. Exception to this rule: If the ball is caught within 5 yds of the cone, the batter is out.
   a. A ball hit on the ground that rolls past the cones onto the opposing field will result in an automatic ground rule double.
