Preamble

Conduct appropriate to a student (graduate and undergraduate) at the University of Massachusetts Lowell is that conduct which promotes the individual’s own academic pursuits and which contributes to meeting the community’s educational goals and objectives. This Code of Conduct also applies to all individuals enrolled in any University of Massachusetts Lowell program or course(s), regardless of credits, or involvement in any recognized student club, group or organization.

An individual’s conduct or behavior becomes a proper concern of the University if it adversely affects the academic interest of other members of the University or the University’s pursuit of its educational objectives. In addition, because the University is in an urban setting, it is an inseparable part of the community and the surrounding neighborhoods. The University is strongly committed to the promotion of goodwill in the larger community which is essential to the continued cooperation of the University and its neighbors in civic projects and to the furtherance of the University’s broader mission to contribute to the general good of society. Consequently, the University must consider student conduct, whether on or off campus, that is disruptive of good community relations or which interferes with, impairs or obstructs the University’s mission, functions and processes or that are found to be offensive to generally accepted standards of sound behavior, as harmful and adverse to the University’s interests.

Any behavior which may have been influenced by a student’s mental state (irrespective of the ultimate evaluation), or use of drugs or alcoholic beverages shall not in any way limit the responsibility of the student for the consequences of his or her actions. The University will neither assume responsibility for, nor act in the collection of, privately incurred debts involving students. Therefore, such conduct will be subject to the University’s Student Conduct Code and Discipline Process.

It is not the purpose of the University’s regulations to duplicate the public statutes. The University cannot and does not condone violations of law and clearly recognizes that the laws of the land operate in full force on its campus. However, it does reserve its own special authority for the regulations of conduct which affects its particular interests as an academic community.

If a violation of law occurs on or off campus, which is also a violation of University or local regulations (this includes Residence Life policies), the University may institute proceedings against the offenders. Such action by the University is independent of, and may proceed in parallel with, civil and/or criminal action.

Fundamental to the achievement of community among the members of the University is the recognition by all such members that each shares a responsibility to observe University regulations. This obligation, which is an extension of the citizen’s responsibility to observe the law of the land, is an essential corollary to participation in the academic rights afforded to members of the University.
The stipulations of the University Student Conduct Code contained in this document, are not the only rules or regulations governing conduct on this campus. Everyone, students, faculty, staff and administrators, is urged to become familiar with additional rules and regulations including but not limited to Massachusetts Motor Vehicle Regulations, University Parking Regulations, Residence Hall Student Conduct Code, rules regarding Academic Integrity, the Sexual Harassment Policy, the Policy for Demonstrations on University Property (see appendix D) and the University Policies for Electronic Resources.

This Code sets forth examples of behavior for which discipline and educational sanctions may be imposed and is neither intended to be exhaustive nor to limit the University’s ability to discipline particular conduct.

II. University of Massachusetts Lowell Student Discipline Process

It is in the best interest of the University and members of the University community for the University to function in regard to disciplinary matters as a self-contained community in an orderly environment. Assurance that fair sanctions will be promptly imposed on those found responsible for misconduct will help the University preserve order. The University Student Discipline Process is designed to help the University exercise proper control over its own disciplinary affairs while acknowledging the rights and competence of the civil authorities in such matters. Procedures have been established which are reasonably calculated to facilitate a reliable determination of the issues and to afford any student(s) accused of misconduct certain basic procedural rights, as specified below.

It is the intent of these policies and procedures to set forth in a clear, concise manner the expectations and duties of all members of the University community and to set forth administrative and disciplinary procedures whereby those students who are accused of violating the rules may be afforded a hearing and, if appropriate, a fair and just sanction.

The student’s enrollment shall not be altered or...
his right to be present on campus and to attend classes unless the Associate Provost /or designee determines that immediate suspension is required for the safety and well-being of the University community or property. (See Section J under “Sanctions” entitled Interim Suspension, as an example).

III. University of Massachusetts Lowell Jurisdiction

Students are subject to all local, state and federal laws. Conduct, whether on or off-campus which adversely affects the University’s mission and purpose, brings disrepute upon the University or that is offensive to accepted standards of behavior, will be subject to a hearing through the University of Massachusetts Lowell Student Discipline Process and, if warranted, careful consideration will be given to University disciplinary action in addition to whatever action civil authorities might pursue.

A violation by students of a civil/criminal law on or off campus which brings the University into disrepute and affects the ability of the University to carry out its normal activities or provide security to its members shall be considered of interest to the University and students may be subject to a hearing through the University of Massachusetts Lowell Student Discipline Process.

IV. University of Massachusetts Lowell Standards

Misconduct or violations of the Student Conduct Code for which students are subject to disciplinary action, up to and including suspension or dismissal from the University will generally fall into the following categories:

The following inappropriate behaviors may lead to student’s suspension or dismissal from the University of Massachusetts Lowell whenever a determination of responsibility has been made. The University has special concern for incidents in which persons are subject to physical assault because of membership in a particular racial, religious, gender or sexual orientation group.

b. Conduct less than a physical attack or physical interference which interferes with a person in the conduct of his or her customary or usual affairs, such as the posting of threatening letters directed to the person, the use of threatening language directed at another, harassing or threatening telephone calls, email, voicemail, posting of materials in on-line communities, instant messaging (IM), or the vandalism of a person’s room (e.g. by graffiti). The University has special concern for incidents in which persons are subject to such conduct because of membership in a particular racial, religious, gender or sexual orientation group.

Examples of Sexual Exploitation include, but are not limited to:

  • Prostitution
  • Videotaping
  • Going beyond the boundaries of consent
  • Peeping Tommery
  • Transmission of HIV or STD
  • Inducing incapacitation for the purpose of having sex with the incapacitated person (This type of sexual exploitation occurs regardless of whether sexual activity actually takes place).

Definition of Terms

• Intercourse: Intercourse is not synonymous with penetration. If it were, non-consensual french kissing could meet the definition of oral rape. Intercourse is more limited. Intercourse includes: vaginal penetration by a penis, object, tongue or finger; anal penetration by a penis, object, tongue or finger; and oral copulation (mouth to genital contact or genital to mouth contact).

• Sexual Touching: any sexual contact with the breasts, buttocks, groin, genitals, mouth or other bodily orifice of another, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any bodily contact in a sexual
manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth or other orifice.

In cases of alleged hazing by an individual or group, immediate suspension will occur pending a hearing to determine if University policy has been violated. This applies to such behavior on or off campus. See Appendix A for University of Massachusetts Lowell’s Policies Regarding “the Practice of Hazing”, as well as the Massachusetts General Law regarding Hazing.

Exceptions to this rule are made only in the interests of safety, personal use and privacy, protection of valuable materials and equipment or to regulate access.

2. I.D. Cards—All students must carry their University I.D. card with them at all times and immediately surrender their University I.D. card upon request by an authorized University/City official such as Police, Administration, Residence Life Staff, etc. Altering, improperly possessing, or lending a University Identification Card to another person for any reason not expressly authorized by the University is a violation of this code. A University Identification Card falling into any of these categories may be confiscated by any student, Staff or faculty member in the course of his/her charged work responsibility.

E. University and Neighborhood Activities—All legitimate activities of the University/city and its members can contribute to the achievement of its purposes and ideals. No single activity is above legitimate challenge or question, but activities shall be protected from peremptory unauthorized interruption.

1. Individual Activities—No student shall obstruct or disrupt any educational, research, administrative, social or recreational activity of the University; nor shall any student create a nuisance to members or guests of the University/city.

2. Group Activities—Actions/behaviors of recognized and unrecognized student organizations and other student groups will also be subject to disciplinary action.

F. Personal Activities—The University recognizes all local, federal and state laws and expects students to adhere to them. Specifically, the University puts students on notice that its campus offers no haven from applicable laws of personal behavior and that students are specifically liable for any violation of local, state and/or federal laws.

1. Alcohol—The sale, giving, serving, or using of alcoholic beverages to or by those under the legal age is prohibited by Massachusetts Law. Federal law imposes definite sanctions for drug use, sale, possession, distribution, manufacture and cultivation.

3. Gambling/Fund Raising—No student shall host or participate in activities that violate the Laws of the Commonwealth of Massachusetts pertaining to gambling and/or City of Lowell regulations governing gambling and fund raising.

4. Lewd/Indecent Conduct—Lewd or indecent conduct or expression, on or off campus/University property, or at University sponsored or supervised functions are a violation of the Student Conduct Code.

5. Disorderly Conduct—Drunkenness and/or disorderly conduct is a violation of the Student Conduct Code.

V. SANCTIONS

The following sanctions may be applied to any individual or group for violations of University policies or guidelines. However, the University is not limited to these sanctions or to the application of only one of these sanctions. Sanctions including expulsion, suspension, and probation will be part of the student’s file for seven years from the completion date of all sanctions. Students may request the removal of all other sanctions from this file at the completion of their education at the University of Massachusetts Lowell. Sanctions for violations of this Conduct Code are progressive. That is, students with prior...
disciplinary records may receive more severe sanctions than students with no prior records. Any student found responsible of an additional offense while serving a prior disciplinary probation or suspension may be suspended or expelled, depending on the circumstances. Notwithstanding the progressive nature of sanctions, the University reserves its right to impose any level of sanction it deems appropriate and warranted.

A. Expulsion—The involuntary and permanent separation of the student from the University. This sanction will be recorded on the student’s transcript. The student will also be barred from the University premises.

B. Suspension—The involuntary separation of the student from the University, differing from expulsion in that it implies and states a time when a return may be possible. Thus, suspension may extend from 1) a semester, 2) a specified period longer than one semester, until a specifically designated date or 4) until a stated condition is met, pending review by the Dean of Students/or designee. Suspensions that take effect during a semester will result in the loss of academic credit for that semester. The student cannot participate in any University sponsored activity and is barred from University premises. The student will not be able to make any academic progress towards his/her degree during the suspension period unless permitted by the Dean of Students or designee, i.e. a student may not take classes at another institution during the suspension period and transfer the credits to UMass Lowell.

C. Probation—A student placed on probation is in a middle status between good standing at the institution and suspension or expulsion. This student is permitted to remain enrolled at the University, but only after certain stated conditions are met, depending upon the nature of the violation and upon the potential learning value that may derive from such a restrictive measure.

Usually, probation is for a stated period during which it is clearly understood that the student is subject to further severe disciplinary action, including suspension or expulsion, if the student violates the term of his/her probation or in any way fails to conduct him/herself as a good citizen of the University. Probation is, in effect, a second chance offered to the student to help him re-evaluate his conduct and benefit from experience. Probationary status does not appear on a student’s transcript but remains a part of the student’s disciplinary record. There are two forms of probation:

1. Probation with restrictions—for a specified period of time. Restrictions are recommended by the Conduct Officer, Campus Conduct Board, or the University Appeals Board and can include, but not be limited to: restriction of privileges to use athletic facilities, participate in school functions, athletic teams; withdrawal of the privileges to represent the University in any co-curricular activities involving events before the public; and restriction of privilege to serve as an officer in any student organization/club or serve on the editorial board of any student publications. Specified times are for up two (2) years or for the duration of enrollment at the University.

2. Probation without restriction—for a specified period of time for up to two (2) years or for the duration of enrollment at the University.

D. Written Reprimand—This written action is a formal admonition on behalf of the University and is intended to address behavior that has been deemed unacceptable for a University of Massachusetts Lowell student. This action may be taken for repeated offenses or warnings as well.

E. Social Probation or Group Sanctions—This status may be applied for failure to follow policies and/or directives related to club sponsored activities on or off campus. Its primary effect is to suspend the privilege of sponsoring social events and/or to restrict access to specific campus facilities (use of facilities).

F. Restitution—if an infraction involves damages, destruction or loss of property, monetary restitution may be imposed.

G. Community Service—Students may be asked to perform a specified number of hours of community service as a sanction for a violation of the Student Conduct Code.

H. Other Sanctions—Other sanctions may be imposed instead of or in addition to those specified above, such as work requirements, restriction upon privileges, etc.

I. Interim Suspension—The University reserves the right to temporarily separate a student from the institution for conduct which endangers
member of the community or the community as a whole. Such action of the Associate Provost or their designee will be done with appropriate consultation and when possible, (only after the student has been given the opportunity to respond to the allegations presented against him/her).

K. Removal or relocation from University Housing—The University reserves the right to remove a student from University Housing, or to relocate him/her to another Residence Hall.

L. No Contact Order—The University reserves the right to restrict contact by any means (in person, verbal, electronic, or via third party) of a student to a victim when the charged student is found responsible for a violation of the Conduct Code involving another student.

VI. PROCEDURES FOR ADJUDICATING AN ALLEGED VIOLATION OF THE UMASS LOWELL STUDENT CONDUCT CODE

Case Referral
Any member of the University community or any aggrieved member of the neighborhood community may notify the Dean of Students Office of violations of the University’s Student Conduct Code. This must be done within 2 semesters of the alleged violation, with the exception of violations under A.1.C.: Sexual Misconduct; in these situations charges may be brought while the charged student is enrolled at UMASS Lowell.

Process
The Dean of Students Office will then proceed to investigate this alleged violation of a University regulation. The complaint will be evaluated by the Associate Dean of Student Affairs or designee to determine if further action is appropriate. Once charges are brought the case must be heard through resolution.

It is the policy of the University to inform both the accuser and the accused of the outcome of any campus disciplinary proceeding involving sexual offenses and other violent crimes.

Disciplinary flags can be set if a student fails to respond to notification of an alleged violation of the University’s Student Conduct Code, failure to complete sanctions, when the University is concerned that a student’s conduct affects the safety and well-being of the University community or when a student is suspended or expelled from the University. When a disciplinary flag has been set, the student cannot register for classes and may not be eligible for other academic services until meeting with a Conduct Officer.

Formal rules of process, procedure, and/or technical rules of evidence, such as are applied in criminal or civil court, are not used in the campus discipline process.

If the Associate Dean of Student Affairs or designee believes that a violation of the University’s Student Conduct Code is likely to have occurred he/she will in a timely fashion:

1. Notify the student, verbally, in writing, or via email that he/she has allegedly violated University standards of conduct and ask the student to schedule an interview. Failure to schedule a preliminary interview within five (5) business days (as defined as any day the University is open for business) will result in imposition of sanctions in absentia and the forfeiture of the right to appeal. Refusal to accept notification is not grounds for failing to schedule the interview.

2. Conduct a preliminary interview with the student, during which the charges will be discussed, the student may be asked to make a written statement and complete appropriate forms.

3. The student will be asked to make a formal plea of not responsible, no contest or responsible and complete appropriate forms. In response to the plea, the student is offered the following options:

   a. If a “not responsible” plea is entered, and the potential sanction is suspension or expulsion or loss of housing from the University, the student has the option of A or B (see below).

   b. If a “responsible” plea is entered, but the student does not accept the sanctions, and the potential sanction is suspension or expulsion or loss of housing from the University, the student has the option of A or B (see below).
c. If a “not responsible” plea is entered, and the potential sanction is less than suspension from the University the student will attend an Administrative Hearing, option B (see below).

d. If a “responsible” plea is entered, but the student does not accept the sanctions, and the potential sanction is less than suspension from the University the student will attend an Administrative Hearing, option B (see below).

e. If the plea entered is “responsible”, or “no contest” the Conduct Officer will appropriately resolve the case, option C (see below).

In cases of multiple charged students Administrative or Conduct Board Hearings may occur simultaneously at the discretion of the Associate Dean of Student Affairs or designee.

Options for Case Resolution

A. Campus Conduct Board hearing (see section VII). Once a student chooses the Conduct Board the decision cannot be changed.

B. Administrative Hearing (see section VIII) with the Associate Dean of Student Affairs or designee. Once a student chooses the Administrative Hearing the decision cannot be changed.

C. Appropriate resolution (student may plead no contest or responsible and choose sanctions offered by the Hearing Officer rather than pursue Conduct processes).

Right to an Advisor

A student may elect to be accompanied at all formal proceedings of the student conduct process by an advisor of his/her choice. The advisor must be a member of the faculty, staff or student body of the University, EXCEPT legal counsel may accompany a student, at the student’s discretion (and at the student’s expense), when a criminal charge arising from the matter before the Student Conduct Process is being pursued. Absent a pending criminal charge, or the bona fide likelihood thereof, the advisor must be drawn from within the University community. Any student who elects to have an attorney present in this capacity must give advance written notice of not less than five (5) business days to the Associate Dean of Student Affairs or designee. If the Conduct Officer concludes that other deadlines must be extended as a result of this provision, he or she shall have the authority to do so.

The role of the advisor in ALL cases, whether the advisor is a member of the University community or legal counsel, is limited to advising the student during the disciplinary proceedings. The advisor may not speak on behalf of the student, examine or cross-examine a witness, or address the Conduct Officer or Conduct Board publicly during formal proceedings. At no time may an Advisor act or serve as a witness in a case for which they are serving as an advisor.

The charged student must direct all questions and/or concerns about any conduct matter or hearing to the Conduct Officer or chair of the appropriate disciplinary process. The charged student, as well as the complainant, is strictly prohibited from talking directly with Board members or witnesses outside of a disciplinary process about any case involving the charged student.

Accommodations for Students with Disabilities.

The University of Massachusetts Lowell is committed to providing appropriate accommodations to students with disabilities so that all students have meaningful access to all UMass Lowell programs and services, including the Student Conduct Process.

All students with disabilities who are involved in the Student Conduct Process, including complainants and charged students, advisors, witnesses and Campus Conduct Board members—may seek accommodations for any stage of the Student Conduct Process, including preliminary meetings with a Conduct Officer, Campus Conduct Board Hearings, Administrative Hearings and appeals. Any student requesting an accommodation must do so far enough in advance to allow the request to be reviewed and an appropriate accommodation identified and implemented. Although there is no firm deadline beyond which an accommodation cannot be requested, the student will be held accountable
for making any request in a timely fashion: the University may not be able to provide an accommodation which is not requested at least five working days before the accommodation is needed. Accordingly, each student seeking an accommodation is strongly encouraged to do so as early as possible in the Student Discipline Process.

A request for accommodation can be made to the Director of Disability Services (“Director”), the designated Conduct Officer or the Associate Dean of Students or designee. The request will be reviewed by the Director, who will apply appropriate legal standards and University policies and procedures to determine what accommodation, if any, is appropriate. The student will be given an opportunity to have an interactive role in the review process—i.e., to discuss the request with the Director—before the Director completes the review. The Director may require the student to provide appropriate documentation from qualified health care professionals to support the request. In addition, the Director, in her/his discretion, shall consult as appropriate with the Conduct Officer or the Associate Dean of Student Affairs or designee, or other experts of the Director’s choosing. The Director will make his/her determination in light of the student’s particular disabilities and the nature of the Discipline Process, as informed by any consultations, relevant documentation and relevant previous accommodations provided to the student. The student will be given an explanation of the Director’s determination.

If the student requesting accommodations disagrees with the Director’s determination on appropriate accommodations, he/she may appeal the determination to the Office of Equal Opportunity and Outreach within five (5) working days of the Director’s decision.

**VII. CAMPUS CONDUCT BOARD**

**Membership**

The Campus Conduct Board is chaired by the Associate Dean of Student Affairs or designee who votes only in the event of a tie. Three student members are chosen from an established pool of students who have been selected by the Associate Dean of Student Affairs or designee and two other Student Affairs staff members. The three faculty/staff members are chosen from an established pool of University faculty/staff. All new members of a Campus Conduct Board must attend an orientation training in order to serve as a Conduct Board member. The Campus Conduct Board will meet as needed.

**Procedures**

In cases heard by the Campus Conduct Board, the following procedures apply:

1. All Campus Conduct Board hearings are closed. The Campus Conduct Board Chair may at his/her discretion include the staff member who conducted the preliminary interview. The charged student will be notified in writing via campus email of the date, time and location of the hearing in sufficient time to prepare for it. In no case will a hearing be scheduled less than 5 days after notification, unless a shorter period of time is mutually agreed upon, but never will it be less than 48 hours. If the charged student fails to appear at the hearing the sanctions imposed by the Campus Conduct Board will be imposed in absentia and the charged student waives his/her right to a Conduct Board Hearing. The University will make every attempt to choose a time which is convenient for as many of those involved as possible and required to attend a hearing.

2. There shall be a single verbatim record, such as an audio/video recording, of all Campus Conduct Board Hearings; deliberations shall not be recorded. Neither the charged student nor the complainant may record the hearing or deliberations. The record shall be the property of the University. A copy of the recording shall be made available through the Dean of Students Office to prepare for an appeals process. At no time will the recording leave the possession of the Dean of Students Office.

3. Both parties may request a submission of written, factual accounts by witnesses and may request that the authors appear at the hearing by making such request, in writing, no later than three business days before the hearing. Such a request must be made to the Associate Dean of Student Affairs or designee. Written testimony/statements may be accepted and submitted for the record in the absence of the authors.

4. Before the hearing, the charged student and the complainant may review all evidence that will be introduced at the hearing.
5. The complainant and the charged student appearing at the hearing may have an advisor of their choice from the University community. The sole role of this person is to advise the student. The advisor may neither address the Board nor participate in the proceedings. The advisor cannot also be a witness in the case they are advising. The name of the advisor must be submitted in writing to the Chair no later than three (3) business days before the hearing. (see section VI “Right to Advisor”).

6. The complainant, the charged student and the Conduct Officer may arrange for witnesses to present pertinent factual information pertaining to the case to the Campus Conduct Board. The Conduct Officer will try to arrange the attendance of possible witnesses who are members of the UMASS Lowell community, if reasonably possible, and who are identified by the complainant and/or charged student at least three (3) business days prior to the Campus Conduct Board Hearing. Witnesses will provide information to and answer questions from the Campus Conduct Board. Questions may be suggested by the charged student and/or complainant to be answered by each other or by other witnesses. Questioning will be conducted by the Campus Conduct Board with such questions directed through the Chair, rather than to the witness directly. If questions arise during the course of the hearing, written questions may be submitted to the Chair by either party and will be presented at the discretion of the Chair. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved at the discretion of the chair of the Campus Conduct Board.

7. The Campus Conduct Board may accommodate concerns for the personal safety, well-being, or fears of confrontation of the complainant, charged student, and/or other witness during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of the Associate Dean of Student Affairs or designee to be appropriate. In cases of sexual assault the complainant has the right not to have his or her past sexual history discussed during the hearing.

8. The Campus Conduct Board will make its decision promptly and communicate it to the charged student in writing via campus email within five (5) business days of completion of deliberation. The Campus Conduct Board’s determination shall be made on the basis of whether it is more likely than not that the charged student violated the Conduct Code. It is the policy of the University to inform both the accuser and the accused of the outcome of any campus disciplinary proceeding involving violent crime, including sexual assault.

9. The Charged Student will be informed of his/her right to request an appeal of the decision at the conclusion of the Conduct Board Hearing. Such a request for appeal must be made in writing within five (5) business days of receipt of the written board decision and must specify the grounds for the appeal. The appeal must be in writing and directed to the Dean of Student Affairs or designee who will determine if grounds for an appeal exist. If it is determined that grounds for an appeal exist, the Dean of Student Affairs or designee will refer it to the University Appeals Board. Failure to appeal within the five (5) days will result in the student waiving the right to appeal.

VIII. ADMINISTRATIVE HEARING

Procedures

If an Administrative Hearing is assigned or opted for by the student, the following procedures will apply:

1. The student will be notified of the date, time and location of an administrative hearing with the assigned Conduct Officer. The student will be notified in writing via campus email of the date, time and location of the hearing in sufficient time to prepare for it. In no case will a hearing be scheduled less than 5 days after notification, unless a shorter period of time is mutually agreed upon, but never will it be less than 48 hours. If the student fails to appear at the hearing the sanctions imposed by the Conduct Officer will be imposed in absentia and the student waives his/her right to an Administrative Hearing and forfeits the right to appeal. The University will make every attempt to choose a time, which is convenient for as many of those involved as possible, required to...
attend a hearing.

2. The hearing is closed and includes the charged student(s) and the assigned Conduct Officer, who may at his/her discretion include the staff member who conducted the preliminary interview. The charged student may have an advisor of his or her choice from the University community. The sole role of this person is to advise the student. The advisor may neither address the Administrative Hearing Officer nor participate in the proceedings. (Please see section VI: Right to an Advisor).

3. Both complainant and charged student may request a submission of written, factual accounts by witnesses. Such a request must be made to the Conduct Officer no later than three business days prior to the hearing. Written testimony/statements may be accepted and submitted for the record in the absence of the authors.

4. Before the hearing, if available, the charged student and complainant may review all evidence that will be introduced at the hearing.

5. There shall be a single verbatim record, such as an audio/video recording, of all Administrative Hearings. Neither the charged student nor the complainant may record the hearing. The record shall be the property of the University. A copy of the recording shall be made available through the Dean of Students to prepare for an appeals process. At no time will the recording leave the possession of the Dean of Students Office.

6. The assigned Conduct Officer will review all information and testimony by the charged student(s), complainant, and any witnesses, and make a finding of responsible or not responsible. The assigned Conduct Officer’s determination shall be made on the basis of whether it is more likely than not that the charged student violated the Student Code.

7. The assigned Conduct Officer will notify the charged student(s) in writing via campus email within five (5) business days of his/her decision and what sanctions, if any, will be imposed. It is the policy of the University to inform both the accuser and the accused of the outcome of any campus disciplinary proceeding involving violent crime, including sexual assault.

8. The Charged Student will be informed of his/her right to request an appeal of the decision. Such a request for appeal must be made in writing within five (5) business days of receipt of the written board decision and must specify the grounds for the appeal. The appeal must be in writing and directed to the Dean of Student Affairs or designee who will determine if grounds for an appeal exist. If it is determined that grounds for an appeal exist, the Dean of Student Affairs or designee will refer it to the University Appeals Board. Failure to appeal within the five (5) days will result in the student waiving the right to appeal.

IX. APPEALS

A decision reached by the Campus Conduct Board or Conduct Officer in an Administrative Hearing may be appealed by the charged student(s) or complainant(s) to the Dean of Students or designee within five (5) business days of receipt of the decision. Such appeals shall be in writing and shall be delivered to the Dean of Students or designee who will determine if grounds for an appeal exist. If it is determined that grounds for an appeal exist, the Dean of Student Affairs or designee will refer it to the University Appeals Board. Failure to appeal within the five (5) days will result in the student waiving the right to appeal. All decisions by the Dean of Students, designee or the Appeals Board are final and may not be appealed further. Such decisions will be made within five (5) business days of receipt of appeal.

Grounds for Appeal

Except as required to explain the basis of new information, an appeal shall be limited to a review of the verbatim record of the Conduct Board or Administrative Hearing and supporting documents for one of the following grounds:

1. If the student can demonstrate bias against him/her by the administrator or any member of the Conduct Board which had the likely effect of influencing the outcome of the process to the detriment of the accused.

2. If new information has come to light which was not available at the time of the initial hearing.

3. If the penalty was too severe for the offense based on past precedent.
4. If unusual procedures were followed, or if the procedures outlined herein were not followed, and such unusual procedures or the failure to follow procedure reasonably affected the decision of the panel to the detriment of the accused.

X. UNIVERSITY APPEALS BOARD

Membership

The University Appeals Board is chaired by the Dean of Students/or his designee. The Dean of Students or designee will vote only in the case of a tie. The Appeals Board consists of two (2) administrative staff or faculty and two (2) students. The Board has jurisdiction over student appeals to disciplinary action.

   c. The complainant, the charged student and the Appeal Board Chairperson may arrange for witnesses to present or explain new pertinent information to the University Appeals Board. The chairperson reserves the right to ask only those questions that are relevant to the new evidence.

   d. The Chair will try to arrange the attendance of requested witnesses who are members of the UMASS Lowell community, if reasonably possible, and who are identified by the complainant and/or charged student at least three (3) business days prior to the University Appeals Board Hearing.

   e. Witnesses will provide information to and answer questions from the University Appeals Board. Questions may be suggested by the charged student and/or complainant to be answered by each other or by other witnesses. 7. In the event that a resident or guest is deemed by University Police or Residence Life staff to be intoxicated, the resident and or guest will be asked to remain in the residence hall under host supervision until determination can be made that the intoxicated person(s) is in a safe condition. In addition, drunken disorderliness in any University building or grounds is prohibited and shall constitute a major infraction of University regulations. In a situation where a student is determined to be in an unhealthy state the University Police or Staff may call the parent or guardian to take custody of their student.

8. All persons are prohibited from drinking alcoholic beverages or having open or previously opened alcoholic beverage containers in all residence hall public areas, including hallways, stairwells,
bathrooms, lounges, lobbies, and outside grounds including, stairs, lawns, roofs, parking lots, patios, etc.

9. Parties and gatherings where alcohol is present, informally or otherwise, are strictly prohibited in all residence halls. Any gatherings where more than two guests per occupant are present, and alcohol is present will constitute a party or gathering and may be disbanded by University Police or Residence Life staff. In these events, the alcohol will be confiscated regardless of the amount or age of the residents.

10. No more than 1 open container, cup, bottle or can may be present for each individual above the legal drinking age when in the presence of underage individuals in a room occupied by of age students. University staff will construe additional open containers in excess of the number of legal age individuals as consumption by minors.

11. Alcohol may not be stored or displayed in suite common areas unless all assigned occupants are of legal drinking age.

C. HEALTH RISKS

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood of an accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including domestic violence and physical altercations. Moderate to high doses of alcohol cause marked impairment in high mental functions, severely altering a person’s ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and liver. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than others of becoming alcoholics.

In addition, individuals who wish to enroll in an alcohol rehabilitation program should check the University's insurance or their own insurance to verify if they are covered for these services.
Appendix C
University of Massachusetts Lowell
Drug-Free Schools and Campuses
Drug Policies and Regulations

Please see Appendix B for the University’s Alcohol Policies and Regulations

No students shall knowingly sell, possess, manufacture, distribute or use on or off campus substances defined by Federal or State law as illegal. It is the policy of the University of Massachusetts Lowell to maintain a drug free workplace. As a condition of employment, all University employees are required to follow this policy.

A. HEALTH RISKS

Illegal drugs and misuse of controlled prescription drugs pose short and long-term health risks to the user. Categories of drugs include narcotics, barbiturates, stimulants, and hallucinogens (not to be confused with classes of drugs according to Commonwealth of Massachusetts Drug Laws). Not only is the drug risky, the route of administration or the way the drugs is taken into the body is also correlated with certain health risks.

Some drugs are smoked (marijuana, “crack”, opium, “crank”). Smoking any substance, especially marijuana, is found to have a detrimental effect on the lungs and upper airway.

Other drugs are “snorted” or inhaled (cocaine, heroin, inhalants) leading to injury of the lining of the nose.

Many drugs are ingested and some drugs are injected under the skin (skin-popping). Drugs that are injected directly into a vein (main lining) include heroin, cocaine and morphine. Injecting drugs has severe risks of local infections, bacterial endocarditis, increased incidences of HIV and Hepatitis B and C. Permanent liver and kidney disease are possible outcomes of drug use. Scars or “track marks” are formed by repeated injections. Veins harden internally from repeated use.

Mind or mood altering drugs work in certain “pleasure” pathways of the brain by enhancing or altering chemicals called neurotransmitters. There can be permanent change in these pathways with heavy and prolonged use of cocaine. Street drugs are “cut” with often unknown and dangerous substances, which can make the user very ill or even cause death.

Short-term health risks of illegal drug use are: decreased judgment and perception, decreased mental alertness, reduced motor skill often leading to motor vehicle accidents and bodily injuries, increased risk taking and aberrant behavior.

Narcotics, especially heroin and morphine decrease the rate of respiration which may result in respiratory arrest then death, if not medically treated.

Stimulants (cocaine, amphetamines, methamphetamines) produce exhilaration. There is a surge of adrenaline resulting in an increase in blood pressure and pulse rate, causing blood vessels to constrict. These changes can cause strokes, paralysis, heart attacks and death. These events can occur with the first or any subsequent use. The myth is that sexual activity is increased with cocaine use. The fact is that sexual activity is decreased with increased use of cocaine.

Hallucinogens produce and increase in sensor perception (visual and or auditory). There may be flashbacks from prior use of LSD and STP. Use of these drugs can result in short and long-term psychotic events. Deaths and serious injuries often happen to those under the influence of certain hallucinogens (LSD, STP and PCP). Drinking alcohol with substances, produces and additive effects, making the alcohol and drugs more potent.
Certain tranquilizers, especially in high doses cause disturbances in cardiac conduction. Vomiting is always a threat in drug use. It can cause choking and ultimately death, because the person’s reflexes are diminished. “Roofies” and Liquid Ecstasy produce sedation and loss of memory. When put into drinks, an unknowing victim becomes sedated and could be raped with no memory of the event.

Use of drugs during pregnancy has effects on the baby. Women who use cocaine and heroin during pregnancy have an increase in miscarriages. They give birth to babies addicted and usually of low birth weight. The infant must go through a difficult withdrawal. Long term effects in these children are not yet known.

Addiction is a major risk of using illegal and controlled prescription drugs. Heroin, codeine, opiates, barbiturates, and morphine are strongly physically addicting. Cocaine procedures both physical and psychological addition. Withdrawal from narcotics, barbiturates and cocaine is difficult and painful. Drug users often return to using drugs. Over time, the drug user usually suffers from malnutrition and a lowered immune system. He or she often becomes seriously ill requiring hospitalization from multiorgan failure, overwhelming infections, psychotic events, injuries from accidents, or drug-related violence.

All students/employees at the University of Massachusetts Lowell are expected to abide by all federal, state and local laws, including those regulating the use, possession, sale, distribution, manufacture and cultivation of illicit or illegal drugs.

In addition, Congress amended Title XII of the Higher Education Act of 1965 by adding a section pertaining to Drug Free Schools and Campuses. Under this and other newer amendments any institution receiving federal funds, including federal student loan programs, must adopt and implement policies to prevent the use of illegal drugs and alcohol by students and employees.

It is therefore, the University’s responsibility to insure that every student/employee is aware of the following information:

Guidelines for Responses to Demonstrations on University Property

The University of Massachusetts recognizes the rights of members of the University community to freedom of assembly and speech, and strongly believes in fostering discourse and the free exchange of ideas at the University. However, as a matter of law and University policy, these rights and interests are restricted, and must be exercised on University property in a manner consistent with the mission and operation of the University and the rights of other members of the University community. Accordingly, the University long ago adopted policies and procedures at each of its campuses which take into account these countervailing interests.

Nonetheless, some members of the University community on occasion have exceeded the bounds of appropriate expression during the course of demonstrations, by interfering in the educational activities and business of the University and with the rights of others. It is therefore desirable to re-affirm the importance of appropriate time, place and manner restrictions on demonstrations. Accordingly, and in order to provide further consistency in the application of the University policies to on-campus protests, the Office of the President is issuing the following guidelines for responding to demonstrations on University property:

• All campuses shall routinely and consistently apply the provisions of their respective codes of conduct and other relevant policies and procedures to on-campus demonstrations.

• The campuses shall take steps through appropriate procedures to hold demonstrators accountable for actions which violate University policies and regulations. Such improper actions include but are not limited to:
  - Material disruption of or interference with instructional activities, other University business and campus events;
  - Actual or threats of physical violence, or other forms of harassment, or destruction of University, other public or private property;
  - Interference with free entry to or exit from University facilities and free movement by individuals; and
  - Interference with the rights of other members of the University community to freedom of speech and assembly, and other rights.

• Demonstrations are limited to appropriate public forums, which do not include among other locations, facility and administrative offices, classrooms and other instructional facilities. (Public forums are locations which by tradition or policy are available for public assembly and speech – such as a student union lobby where students have traditionally gathered to debate issues.) To the extent that a public forum exists within a University building, any demonstrations within that forum shall take place only during the building’s normal operating hours.

• Where appropriate, the University shall endeavor to maintain open lines of communication with demonstrators and to provide opportunities for discussion of matters in dispute so long as the demonstrators act consistent with University policy and the rights of others. However as a general rule the University shall not negotiate with individuals who occupy any University facility, or with associated demonstrators, while any such occupation continues, and shall never negotiate within an occupied facility.

These guidelines are intended to support, not supplant, existing University policy. They apply to all members of the University community, including undergraduates, graduate students and employees as well as to guests and visitors. The guidelines should be implemented as consistently as possible, recognizing that special circumstances may on rare occasion require limited and judicious deviation from the guidelines.
Appendix E

UMASS Lowell Good Samaritan Policy

I. Policy Statement
Student health and safety are primary concerns of the University of Massachusetts Lowell community. Students may be reluctant to seek help in alcohol-related emergencies because of potential conduct consequences for themselves, the person in need of assistance, or the organization hosting the event where the situation occurs. Since these emergencies are potentially life threatening, UMass Lowell seeks to reduce barriers to seeking assistance. To this end, this Good Samaritan Policy has been developed.

II. Purpose
The Good Samaritan Policy represents the University’s commitment to increasing the likelihood that community members will call for medical assistance when faced with an alcohol-related emergency. The policy also promotes education for individuals who receive emergency medical attention related to their own use of alcohol in order to reduce the likelihood of future occurrences.

III. Definitions
Signs of serious intoxication/impairment include:

• Inability to rouse the person with loud shouting or vigorous shaking
• Passed out
• Semi-conscious; person goes in/out of consciousness
• Slow (< 8 breaths/minute) or irregular breathing or lapses in breathing of 10 seconds or more
• Cold, clammy, or bluish skin
• Vomiting while passed out, not waking up after vomiting, or incoherent while vomiting

IV. Procedures
Students are expected to contact the University Police (978-934-2911 or *2911) when they believe that assistance for an intoxicated/impaired person is needed on campus. Students should seek immediate help if any of the above signs are present, as they indicate a potentially life-threatening emergency. UMLPD will assist intoxicated/impaired individuals by facilitating transport to medical facilities or by taking other protective measures. In case of an off-campus medical emergency, students should call 911 for assistance by local police or medical professionals. If the intoxicated/impaired individual is located within a residence hall, a Resident Assistant (RA), Assistant Resident Director (ARD), Resident Director (RD), and/or Complex Director should also be notified after UMLPD is called. A severely intoxicated/impaired individual should never be left alone; therefore, at least one person should stay with the intoxicated/impaired individual while another person notifies the RA/ARD/RD/CC.

Whenever a student assists an intoxicated/impaired person in procuring the assistance of UMLPD, local or state police, residence life staff, or medical professionals, neither the intoxicated individual nor the individual who assists will be subject to formal university disciplinary actions for (1) being intoxicated or (2) having provided that person alcohol. (This protocol does not preclude disciplinary action regarding other violations of university standards, such as causing or threatening physical harm, sexual assault, damage to property, harassment, hazing, etc. Students should also be aware that this policy does not prevent action by local and state authorities.) UMLPD and/or Residence Life staff will record names of intoxicated students to enable any follow-up that may be deemed necessary to ensure students well-being. Other information may also be as needed.

In order for this policy to apply, the intoxicated student(s) must agree to timely completion of recommended alcohol education activities, assessment, and/or treatment depending on the level of concern for student health and safety. In addition, if the student is under 21 years of age his/her parents will be notified. If the student does not follow these stipulations, she or he has violated the Good Samaritan Policy and is subject to the complete range of sanctions and penalties as outlined in the Student Code of Conduct and Disciplinary Process in the Student Handbook for an alcohol violation.

The Good Samaritan Policy may be used more than once. Students and organizations that help others seek medical assistance are not limited to one use of the Good Samaritan Policy, as they should always
feel empowered to help those in need. However, serious or repeated incidents will prompt a higher degree of medical concern and formal response from the University which may include an intervention and/or conduct action.

Questions regarding the UMass Lowell Good Samaritan policy should be directed to the Dean of Students Office.

Assistant Complex Directors (ACD)—Each Complex Director (CD) supervises an Assistant Complex Director who is a graduate student interested in pursuing higher education administration. The ACDs help with the daily operations at the Inn & Conference Center, South Campus and university apartments.

First Year Resident Educators (FYRE)—There are three graduate students who live and work directory with first year students in Fox and Leitch Halls to promote academic success. These graduate students are interested in pursuing a career in higher education administration. If you need additional academic support, connect with a FYRE today.

Graduate Housing Coordinator —The Graduate Housing Coordinator is a graduate student in the higher education program and assists the housing coordinator with housing assignments and operations.

Assistant Resident Directors (ARD)—Each residence hall has one or two Assistant Resident Directors (ARD’s) on staff. These are graduate and/or undergraduate students who have been promoted from the Resident Advisor position. Assistant Resident Directors have taken on increased responsibilities within their halls, by assisting the Resident Director in almost all areas of Residence Life.

Resident Advisors (RA)—These individuals are students who are just like you. To obtain their position
they have participated in an extensive interviewing process and have undergone intensive training on issues related to activity/event planning, mediation, handling conflicts, dealing with crisis situations, and a wide variety of other topics. One to three staff members are assigned per floor in a residence hall. They live on the floors with students to assist them with the transition to college, help with roommate conflicts, plan social and educational events, and provide support to students who are having personal or academic difficulties.

Resident Advisors (RAs) work together as a team in each building to promote a comfortable and supportive living and learning environment for all residents. They hold floor meetings, act as resources for campus and the surrounding community, and explain and enforce the University and Residence Hall Conduct Code. There is an RA on duty in each residence hall every night from 7pm – 7am. They are in radio contact with the University Police at all times during their shift. The Resident Advisor position is a great opportunity to gain valuable leadership experience and get more out of your time at UMASS Lowell. If you are interested in learning more about how to become a Resident Advisor, please ask your CD or RD or call the Office of Residence Life, 978-934-5160.

Maintenance/ Housekeeping - Maintainers are full-time workers who are primarily responsible for cleaning hallways, lounges, and other service areas. Each residence hall has one to five custodians, depending on the size of the building. If you have a basic maintenance need in your room or in your building, an RA can assist you in filling out a work order request form.

Security Officers—Student Security Staff sit at the front desk of each residence hall beginning at 7 p.m. every evening. At 11 p.m. Residential Security Officers take over and provide security until 6:30a.m. They are in radio contact with the University Police at all times during their shift.

All students must vacate their housing for the week, until Noon on the Sunday after Spring Break Week. There are exceptions to this closing, similar to Intersession Housing, please call or visit the Office of Residence Life in Fox Hall or check the website ([www.uml.edu/reslife](http://www.uml.edu/reslife)) for more information. While there are always a minimum of two buildings that remain open during Spring Break, students who do not reside in these buildings will need to complete the paperwork to borrow a room from residents of these buildings. There is a charge for Intersession Housing, which will be billed to the students’ account.

**Summer Housing.** Summer Housing is available from the close of Spring Semester until the end of Summer Session II. Please call or visit the Office of Residence Life in Fox Hall or check the website ([www.uml.edu/reslife](http://www.uml.edu/reslife)) for more information. There is a charge for Summer Housing, which can be paid by cash, check or credit card prior to moving into Summer Housing. If you have paid your 2012-2013 student account in full, we can apply your summer housing charges to your student account.

**Room Selection Process**

All returning students will be assigned housing for the coming academic year (2012-2013) as long as the student participates in the Room Selection Process during the Spring Semester and meets the deadline for housing deposits and contracts. After the Room Selection Process is concluded returning resident students will be assigned housing after all new students have been assigned housing; there is no guarantee of housing for the Fall semester after the Room Selection Process.

Early in the Spring Semester (February/March) all returning students will be issued a booklet concerning the Room Selection Process for the upcoming academic year. Please be sure to read this booklet in its entirety so that you will secure the room you would like for the coming year. Your $200 non-refundable room deposit must be received prior to the identified deadlines; be prepared to pay this deposit and sign a contract if you would like to participate in Room Selection.

**Residence Life Operations**

**Student Identification Card: UCard**

**ID Card.** All students are provided with an official University Identification card that must be carried at all times and shown to university officials upon request. This single card provides the myriad of services listed below. It is important to keep your ID in an easily accessible, yet safe place. Bending, cracking, or puncturing your ID will render the data chips inside useless and ruin the card. Lost or Damaged IDs must be replaced within a reasonable time period. Please take good care of it and your ID will last you for your entire college career. Your ID card will allow you, as a resident student, access into your residence hall 24 hours a day.

**Lost ID.** As soon as you have determined that you have lost your ID check with your staff office to find out if anyone has found it. If it is not there, call Access Services Office (x4211) to see if it has been turned in. If that fails ask them to cancel your old card and ask when you can come in to pick up a new one—the same photo will be used. The cost for a new ID is $20.00.

**Other Uses.** The University ID card gives you access to the dining halls and allows University Dining to keep track of your meal plan. You can also use your ID to take books and required readings out of the library. The ID card will give you complete access to The Campus Recreation Center and the extensive services they offer, including, but not limited to the fitness area, classes, locker rooms, and Intramural/Recreational Sports. The ID is your access to approved parking gates.

**Guest Information**

**Guest Sign-In Locations & Hours.** In the lobby of each Residence Hall there is a security desk that is staffed every evening from 7 p.m. to 6:30 a.m. As mentioned under the previous description of the Security Officers, our student Security Staff sits at the front desk of each residence hall beginning at 7
p.m. each evening. At 11 p.m. Residential Security Officers take over and provide security until 6:30 a.m.

**Guest Sign In Process.** In order to insure the safety and security of our students, it is necessary that we strictly enforce our guest sign in process. Every individual is required to present valid, picture identification at the desk when they enter the building. This includes residents of the building. All non-Resident guests, including residents of other buildings, must follow the guest sign in policy. All guests will receive a dated guest pass good only for the building and date issued. Guests must have this identification on their person at all times. Their host must escort them at all times while in the building. Please refer to the guest policy in the Residence Life Conduct Code.

**University Resident students.** When you enter your own building you are required to show your ID to the Security Officer and then swipe your University ID across a verification reader to prove that you are indeed a resident of that building. Students who are visiting from another building will have to show and swipe their ID, sign in, and have a "host" from within the building to escort them and take responsibility for them.

**University Non-Resident Students.** Students must present their University ID at the desk, sign in, and have a host from within the building escort them and take responsibility for their actions.

**Non-University guests.** All non-University guests must present their valid picture identification at the desk, complete a guest pass (which you must carry at all times) and have their host escort them and take responsibility for their actions. *Valid picture identification is limited to a drivers' license, state identification card, military identification card, or a passport.*

**Age.** Guests under the age of 17, with a valid ID, are only permitted to be in the building until 11 p.m. when they must leave. Special permission for under 17 overnight guests can only be obtained from the Complex Director or Resident Director of the building at least 48 hours in advance. The Complex Director or Resident Director may ask for parental/guardian permission and contact information so please be prepared and plan ahead.

**Responsibility of Host.** Hosts are ultimately responsible for the actions of their guests and we do hold the guest accountable for the Conduct Code and all University policies. Failure to follow the guest procedure or any University policy can result in a guest losing his or her privilege of visiting anyone on the University campus. All University students will be held to the standards set for behavior on campus and will be adjudicated with due process through the University disciplinary process for failure to follow policy and conduct unbecoming to a University of Massachusetts Lowell student.

**Guests and Alcohol.** As noted above, valid, picture identification and proof of age is required for permission to drink alcohol in the residence halls (with the exception of Leitch and Bourgeois, which are dry buildings) and only in the room of a resident who is at least 21 years of age. No guest is allowed to transport alcohol into any of the buildings, only a host (building resident), at least 21 years old, may bring alcohol into the building. Please review the complete text of the alcohol policy in the Conduct code portion of this book.

**Health and Safety Inspections**

**Safe and Healthy Living Conditions.** In addition to the room inspection and inventory conducted prior to occupancy and upon your departure from your room, the Residence Life staff conducts periodic room checks during the course of each semester to make sure that safety rules and regulations are being followed. During these inspections the staff will also insure that illegal items, such as candles or common area (lobby) furniture, are not present; such items will be removed from the room. When possible, residents will be informed in advance of room inspections and when students are not at home during these inspections the staff will leave the results of the inspection in the room.

**Inventory Status.** If, during the course of your semester on campus, you should experience a change in the status of your room inventory (furniture stolen, damaged, broken, etc), it is important that you notify your RA or CD/RD as soon as you possibly can. The benefits of early notification are that the item will be fixed and you will have the opportunity to explain what happened and avoid confusion. Whoever is responsible for the damage or lost inventory will be held accountable and billed accordingly. Residents
are responsible for all the furniture in their room/suite. All furniture must remain in the designated area and cannot be stored.

**Room Entry**

**Reasons/Authorization**—Residence Life Staff, University Police and other University designees may enter a residence hall room at any time for the purpose of health, safety, and/or maintenance (emergency or student requested). In addition, the University reserves the right to enter a room when state, local or federal laws and/or the UMASS Lowell Student Conduct Code or Residence Life Conduct Code, as related to the safety and well being of a resident or community member, are suspected of being violated. Whenever possible, the University will attempt to provide the assigned resident with advance notice. Feel free to consult the staff with any questions you may have concerning the results of the inspections or the process.

**Notification**—As with Health and Safety Inspections, if room entry should occur, notification will be left for the residents of the room.

University of Massachusetts Lowell
Office of Residence Life
Student Conduct Code
2012-2013

Preamble

Conduct appropriate to a student at the University of Massachusetts Lowell is that which promotes the individual’s own academic pursuits and which contributes to meeting the community’s educational mission. An individual’s conduct becomes a concern of the Office of Residence Life and Dean of Students’ Office if it adversely affects the academic interests or rights of other members of the University community, or the University’s pursuit of its educational mission.

Fundamental to the achievement of a residential community on campus is the recognition by all of its members that each shares a responsibility to observe University regulations. The Office of Residence Life Student Conduct Code is not the only code governing student behavior on the campus. Everyone is urged to become familiar with additional rules and regulations as written in the University Student Conduct Code.

It is not the purpose of these regulations to duplicate public statutes. The University cannot and does not condone violations of law and clearly recognizes that the laws of the land operate in full force on the University of Massachusetts Lowell campus. If a violation(s) of state or federal law occurs on campus, University proceedings may be instituted against the offenders. Such action by the University is independent of, and may proceed in parallel with, civil or criminal action.

Any behavior which may have been influenced by a student’s mental state (irrespective of the ultimate evaluation), or use of drugs or alcoholic beverages shall not in any way limit the responsibility of the student for the consequences of his or her actions. The University will neither assume responsibility for, nor act in the collection of, privately incurred debts involving students. Therefore, such conduct will be subject to the University’s Student Conduct Code and Discipline Process.

The term “student” includes all persons taking courses at the University, either full-time or part-time, pursuing undergraduate, graduate, or professional studies. Persons who withdraw after allegedly violating the Student Conduct Code, who are not officially enrolled for a particular term but who have a continuing relationship with the University or who have been notified of their acceptance for admission are considered “students” as are persons who are living in University residence halls or apartments, although not enrolled in this institution. This Student Conduct Code applies at all locations within Residence Halls and apartments of the University and surrounding properties.

SUMMARY OF THE DISCIPLINARY PROCESS

A) Referral to a Residence Life staff member by a student, staff member, University police officer, or a faculty or staff member.

B) Investigation by Residence Life staff to determine the specific details of alleged violation.

C) Decision is made to either issue a Letter of Warning based upon a preliminary investigation or reports, meet with the student(s), refer to the University Campus Conduct Process or Office of Residence Life, or to dismiss the charges.

D) If proceedings continue, student is contacted in person, by phone, voice mail, email, or letter to discuss the incident, charges, and possible outcomes.

E) After notification, if a student fails to schedule a meeting within three business days, or fails to attend a scheduled meeting, a determination will be reached in absentia.
F) A Residence Life staff member, after careful consideration of all details may drop all charges, administer a sanction, or make a referral to the Office of Residence Life or University Campus Conduct Process.

G) If referred, the Office of Residence Life will meet with the student in question and review charges and all pertinent information.

H) Student will be notified in writing of any outcome including an official sanction. These sanctions will be kept on file in the Office of Residence Life.

**APPEAL**

A written appeal must be filed in writing within three working days of being notified (either verbally or through written letter) of the outcome of a disciplinary matter. Sanctions may remain in effect during the period of appeal. Grounds for appeal include fairness of sanction, due process or bias by the Hearing Officer. All appeals should be directed to the immediate supervisor of the staff member who adjudicated the hearing and imposed any sanction using the following hierarchy: Resident Director to Assistant Director of Residence Life and Complex Director to Associate Director of Residence Life. Assistant or Associate Director of Residence Life to Director of Residence Life. The decision made by the Director of Residence Life is final. Only concerns regarding due process may be submitted in writing within three working days of the outcome of an appeal to the Associate Dean of Students, whose decision is final. Students found responsible in absentia are not entitled to the appeals process.

**ZERO TOLERANCE POLICY**

In April 2006 the University adopted the following Massachusetts Board of Higher Education policy to ensure the rights of every member of the campus community to freely engage in the pursuit of personal and educational growth.

The following inappropriate behaviors shall lead to student’s suspension or dismissal from the University of Massachusetts Lowell whenever a determination of responsibility has been made.
