Gradescope: Create Your Account using Blackboard

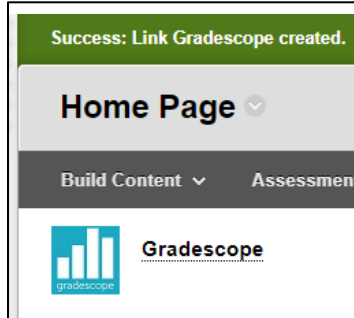

To create your account, add the Gradescope Integration to your course(s) in Blackboard. Go to the content area you would like it to appear for students, (home page), hover over the Tools action button. At the end of the menu, select More Tools, select Gradescope.

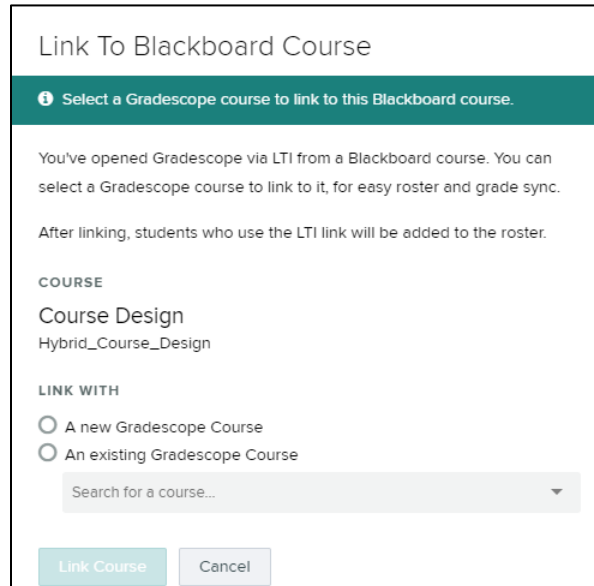

Click Submit to create the Gradescope link.

Click on the title to enter Gradescope.

You may see the following message:

Once in Gradescope, select the button Sync Blackboard Roster. You will then be ready to build assignments.
