## **Chemical & Biological Product(s) Transfer to UMass Lowell Approval Form**

This form is for the one time approval for shipment of chemical or biological product(s) that are intended to be transferred from off-site locations to UMass Lowell.

It is incumbent upon the shipping agency/institution to assure that all applicable regulations, safety and security practices are regarded. All products must be packaged and shipped in accordance with applicable D.O.T. Hazardous Materials and IATA Dangerous Goods regulations. UMass Lowell will not accept any hazardous materials transported in personal vehicles.

Products are being shipped from (Agency/Institution): \_\_\_\_\_

(Address): \_\_\_\_\_

I (Name): \_\_\_\_\_ (Title): \_\_\_\_\_

I have read the information herein and have the authority to release the chemical or biological products mentioned below.

\_\_\_\_\_  
Signature

\_\_\_\_\_  
Date

UMass Lowell shall only accept chemical and biological products that have been reviewed and approved by the Environmental and Emergency Management (EEM) Department.

Approved products must be shipped to:

University of Massachusetts Lowell  
Hazardous Materials Receiving Stockroom  
201 Riverside Street, Olney G-10  
Lowell, MA 01854

Attn: John Freeman  
Tel#: (978) 934-2543

Upon receipt, chemical and biological items are tracked, inventoried, and delivered by EHS personnel to labs on campus. Please identify the location where products will be used and stored on campus.
