

# UMass Lowell 'eduroam' Secure Wireless Network Android

Welcome to the UMass Lowell wireless network. The Information Technology Office is proud to offer a single secure wireless network across campus which provides wireless access to our network and the Internet. Please contact the IT Service Desk at 978-934-4357 (x44357) or via [help@uml.edu](mailto:help@uml.edu) if you need assistance.

## Setting Up Your Android Device

<p>1. While on the UMass Lowell campus, connect to the "UMassLowell" open wireless network.</p>	<p><i>Note: If you are a visitor or guest to UMass Lowell (i.e. not faculty, staff, or student), please see the instructions for accessing the UMass Lowell guest wireless network at <a href="http://uml.edu/wireless">uml.edu/wireless</a>.</i></p>
<p>2. Open a web browser on your Android device and go to <a href="http://uml.edu/eduroam">uml.edu/eduroam</a></p>	<p><i>Note: If you see any security warnings during these steps, tap "Continue" or "Accept".</i></p>
<p>3. You will be asked for permission to configure your wireless device.</p> <p>Select the "I accept..." checkbox, then tap "Start".</p>	
<p>4. Tap "Install" to download and install the 'XpressConnect' app from the Google Play Store.</p> <p>After installing the app, tap "Setup WiFi".</p>	
<p>5. Follow the on-screen instructions to continue through several screens. When prompted, enter your UMass Lowell credentials (your full UMass Lowell email address and password).</p>	
<p>6. You will need to remove the "UMassLowell" guest wireless network from your list of preferred networks:</p> <ol style="list-style-type: none"> <li>Go to the wireless settings on your Android device.</li> <li>Select "UMassLowell" then tap "Forget".</li> </ol>	

**Congratulations – you are now connected to the UMass Lowell 'eduroam' secure wireless network.**
