

How to Connect to My Devices Portal

To use the My Devices Portal, please follow these steps:

- 1.) Go to www.uml.edu/mydevices then simply log in with your UMass Lowell email credentials

**UMASS
LOWELL**

Welcome to the UML My Devices Portal

This is your personal portal for devices you would like to connect to the UMass Lowell network. Please log in below.

Operator Login	
Username:	<input type="text"/>
Password:	<input type="password"/>
<input type="button" value="Log In"/>	

For additional support, visit the [wireless devices configuration help videos page](#) or contact [Tech Services](#)

- 2.) Once inside your portal, you can either create a new device or manage an existing device. For a new device, simply add the MAC address of the device, enter a device name, choose an expiration and accept the Terms of Use.

Create a Device

* MAC Address: Please enter the MAC address of your device in this format: 00:00:00:00:00:00 or 00-00-00-00-00-00. Click [here](#) for Wifi Help Videos

* Device Name: Choose a device name that makes sense to you. For example, Linda's Roku TV

Shared With: For devices you can share with others, please enter the UMass Lowell email address of the user you would like to share with. Use a comma-separated list, e.g. user1@uml.edu, user2@uml.edu, user3@student.uml.edu

Account Expiration: Date this device will expire.

Notes:

* Terms of Use: I am the sponsor of this account and accept the [terms of use](#)

Create

3.) The Device Name can be anything you choose to make identifying the device easier in your portal. For example, my Roku TV could be called Linda's Roku TV.

You are welcome to add anything to the Notes section. It's for your personal use.

4.) For devices where it makes sense to share the ability to connect, please enter the users UMass Lowell email address. Please note that this user will also need to add their laptop to their My Devices Portal in order to connect to your device. This field is likely to be used for devices like wireless printers or Apple TVs.

5.) After you create a device, you can edit it, delete it or update its expiration date in the Manage Devices section of your portal. All you will need to do is to single click on the MAC address you want to manage and change expiration, remove or edit.

MAC Address	Device Name	Role	Expiration	Sponsor	Sharing
09-AE-56-76-C0-EE	test device	[Personal Device]	2019-06-01 01:00	[REDACTED]	Personal
<div style="display: flex; justify-content: space-between; align-items: center;"> Change expiration Remove Edit Print </div>					

We hope watching this video helps you understand how to use your My Devices Portal.
