The screenshot displays the user interface of the DifferenceMaker platform. At the top, there are two buttons: 'View Sections' and 'Add/Edit'. Below these is a horizontal navigation menu with links for 'Home', 'Project', 'Progress', 'Achievements', 'Resources', and 'Media'. Underneath the navigation menu, there are two more buttons: 'View Pages' and 'Add/Edit'. To the right of these buttons is a green button with a plus sign and the text 'Add A Module'. Below the 'View Pages' button, there is a list of pages, with 'Home' selected. Under 'Home', there is a link for 'Welcome'. To the right of the page list, there is a section for editing a module. It contains four buttons: 'View Text', 'Edit', 'Publish', and 'Delete'. To the right of these buttons is a 'Drag to reorder' button. Below the editing buttons, there is a text box containing the text: 'Small synopsis for market of product and long term goals of team.'

This is what your portfolio will look like at the start, with no changes. To change each module, click “Edit” next to “View Text” and fill in according to each prompt on each page. You will find on some pages there are sub pages on the left bar; those all have individual modules that need to be filled out. The header must stay uniform throughout all Idea Challenge applications.

When you are finished with your e-Portfolio, e-mail DifferenceMaker the URL at differencemaker@uml.edu!
